## Note 1 – Reorganization Proceedings

On June 1, 2009 (the “**Commencement Date**”), Motors Liquidation Company (f/k/a General Motors Corporation) (“**MLC**”) and three of its affiliates, MLCS, LLC (f/k/a Saturn Corporation) (“**MLCS**”), MLCS Distribution Corporation (f/k/a Saturn Distribution Company) (“**MLCS Distribution**”), and MLC of Harlem, Inc. (f/k/a Chevrolet-Saturn of Harlem Inc.) (“**MLCS Harlem**” and collectively with MLC, MLCS, and MLCS Distribution, the “**Debtors**”) commenced cases under chapter 11 of title 11 of the United States Code (the “**Bankruptcy Code**”) in the United States Bankruptcy Court for the Southern District of New York (the “**Bankruptcy Court**”). The Debtors are authorized to operate their businesses and manage their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. The Debtors’ chapter 11 cases are being jointly administered for procedural purposes only under case number 09-50026 (REG) pursuant to Rule 1015(b) of the Federal Rules of Bankruptcy Procedure. As described below in more detail, on July 10, 2009, each of the Debtors sold substantially all of its assets to General Motors Company, now known as General Motors, LLC (“**New GM**”), an entity formed by the United States Treasury (the “**GM Asset Sale**”).

A description of each of the Debtors is set forth below:

- Motors Liquidation Company – MLC, a Delaware corporation, historically was the primary operating company of the Debtors, although certain operations were conducted through direct and indirect subsidiaries. As such, MLC now owns most of the assets, liabilities and contracts that were retained by the Debtors following the GM Asset Sale.
- MLCS, LLC – MLCS, a Delaware corporation and a direct subsidiary of MLC, was formed in 1985 to develop, manufacture, and market a line of passenger cars under the “Saturn” brand.
- MLCS Distribution Corporation – MLCS Distribution, a Delaware corporation and a direct subsidiary of MLCS, was formed in 1987 to distribute automobiles produced by MLCS and was the primary contracting entity with the Saturn retailer network.
- MLC of Harlem, Inc. – MLC Harlem, a Delaware corporation and a direct subsidiary of MLC, was formed in 2004 to operate an automobile dealership in New York, New York.

On July 10, 2009 (the “**Closing Date**”), each of the Debtors consummated a sale of substantially all of its assets (the GM Asset Sale) to New GM pursuant to (i) that certain Amended and Restated Master Sale and Purchase Agreement (the “**MSPA**”), dated June 26, 2009, among the Debtors and New GM and (ii) an order of the Bankruptcy Court, dated July 5, 2009 (Docket Number 2968) (the “**Sale Order**”).

**Case No.: 09-50026 (REG) (Jointly Administered)**

The purchase price paid by New GM for the Debtors' assets equaled the sum of (i) a credit bid of certain amounts outstanding under MLC's prepetition credit agreement with the U.S. Treasury and MLC's debtor-in-possession financing facility (the "**DIP Facility**"), (ii) the U.S. Treasury's return of warrants previously issued to the U.S. Treasury by MLC, (iii) the issuance by New GM to MLC of (a) 50,000,000 shares (10%) of New GM's common stock and (b) warrants to acquire newly issued shares of New GM common stock initially exercisable for a total of 90,909,090 shares of New GM's common stock (15% of New GM's common stock on a fully diluted basis) on the respective terms specified therein, and (iv) the assumption by New GM or its designated subsidiaries of certain specified liabilities of the Debtors. The MSPA also provides that in the event that the estimated aggregate general unsecured claims against the Debtors, as determined by the Bankruptcy Court upon the request of MLC, exceeds \$35 billion, New GM is required to issue, as an adjustment to the purchase price, up to approximately an additional 2% of its common stock (the "**Adjustment Shares**" and collectively with the New GM common stock and warrants (and any securities received in respect thereof) set forth in (iii), the "**New GM Equity Interests**") to MLC, based on the extent to which such claims exceed \$35 billion, with the full amount of the Adjustment Shares being payable if such excess amount is greater than or equal to \$7 billion.

On October 19, 2009, New GM completed a holding company reorganization pursuant to which all of the outstanding shares of common stock and preferred stock of New GM were exchanged on a one-for-one basis for shares of common stock and preferred stock of a newly organized Delaware corporation ("**New GM HoldCo**") that now bears the name General Motors Company. As such, the New GM Equity Interests now represent equity interests in New GM HoldCo.

The value of New GM Equity Interests is undetermined as of the date of this Monthly Operating Report.

## **Note 2 – Basis of Presentation**

### **General**

This Monthly Operating Report has been prepared solely for the purpose of complying with the monthly reporting requirements applicable in the Debtors' chapter 11 cases and is in a format acceptable to the Office of the United States Trustee for the Southern District of New York (the U.S. Trustee). The financial information contained herein is preliminary and unaudited and does not purport to show the financial statements of any of the Debtors in accordance with accounting principles generally accepted in the United States of America ("**GAAP**"), and therefore may exclude items required by GAAP, such as certain reclassifications, eliminations, accruals, valuations and disclosure items. Unlike consolidated financial statements, the Monthly Operating Reports reflect the assets and liabilities of each separate Debtor.

### **Accounting Requirements**

The condensed combined financial statements herein have been prepared in accordance with the guidance in American Institute of Certified Public Accountants Statement of Position 90-7, "Financial Reporting by Entities in Reorganization under the Bankruptcy Code" (SOP 90-7), which is applicable to companies operating under Chapter 11. SOP 90-7 generally does not change the manner in which financial statements are prepared. However, it does require that the financial statements for periods subsequent to the filing of the chapter 11 petition distinguish transactions and events that are directly associated with the reorganization from the ongoing operations of the business.

### **Liquidation Basis of Accounting**

The liquidation basis of accounting is appropriate when the liquidation of a company appears imminent and the net realizable value of its assets is reasonably determinable. Under this basis of accounting, the Debtors have recorded their assets at their net realizable value as of July 10, 2009.

### **Cash and cash equivalents**

For purposes of reporting cash flows, the Debtors consider highly liquid investments in United States Treasury Securities with maturities of 24 months or less when purchased to be cash equivalents.

### **Financial Statements Presented**

The unaudited condensed combined financial statements and supplemental information contained herein are presented for each of the Debtors. The condensed combined statement of operations presented herein are for the period July 10, 2009 through August 31, 2009. The condensed combined statements of net assets are presented as of August 31, 2009. The condensed combined statement of cash flows presented herein are for the period July 10, 2009 through August 31, 2009.

The condensed combined financial statements included herein include normal recurring adjustments, but not all of the adjustments that would typically be made for quarterly and annual financial statements prepared in accordance with GAAP. In addition, certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted.

Furthermore, the monthly information presented herein, has not been subjected to the same level of accounting review and testing that MLC (f/k/a General Motors Corporation) historically applied in the preparation of its quarterly and annual financial information in accordance with GAAP. Accordingly, the financial information herein is subject to change and any such change could be material. The results of operations contained herein are not necessarily indicative of results which may be expected for any other period or the full year and may not reflect MLC's results of operation, financial position and cash flows in the future.

### **Note 3 – DIP Facility**

In connection with the closing of GM Asset Sale, on July 10, 2009, the Debtors entered into an amended and restated DIP Facility (as restructured, amended and restated, the "**Wind Down Facility**") with the U.S. Treasury and Export Development of Canada (collectively, the "**DIP Lenders**"). The Wind Down Facility, which was approved by an order of the Bankruptcy Court, dated July 5, 2009 (Docket Number 2969), provides for loans in a principal amount of \$1,175,000,000 (with interest paid in kind), all of which was drawn by the Debtors the day before the Closing Date. The Wind Down Facility is non-recourse to the Debtors, and the obligations thereunder are secured by substantially all assets of the Debtors' assets (other than the New GM Equity Interests and certain other assets that were excluded from the assets constituting collateral). The Debtors currently expect that (i) the Wind Down Facility and the proceeds they recover from their remaining assets will be sufficient to pay the administrative expenses of winding down their estates and administering a chapter 11 plan and (ii) the proceeds of such asset sales will not be sufficient to pay down the Wind Down Facility in full. Given the non-recourse nature of the Wind Down Facility, these two points together mean that **it is expected that the only assets that will be available for distribution to the Debtors' creditors (not including the DIP Lenders) are the New GM Equity Interests** and it is currently anticipated that all of the New GM Equity Interests will be available for distribution to the Debtors' creditors (not including the DIP Lenders). However, if the Wind Down Facility and the proceeds of the asset sales are insufficient to pay the administrative expenses of winding down the Debtors' estates and administering a chapter 11 plan, the Debtors will have to use the New GM Equity Interests to pay such expenses.

**Note 4 - Liabilities Subject to Compromise**

As a result of the Chapter 11 filings, the Debtor’s pre-petition indebtedness is subject to compromise or other treatment under a plan of reorganization. SOP 90-7 requires that pre-petition liabilities subject to compromise be reported at the amounts expected to be allowed as claims, even if they may be settled for lesser amounts. The amounts currently classified as liabilities subject to compromise represent the Debtors’ estimate of known or potential pre-petition claims to be addressed in connection with the Bankruptcy Cases. Such claims remain subject to further adjustments resulting from, among other things, negotiations with creditors, rejection of executory contracts and unexpired leases, and orders of the Bankruptcy Court.

The following potential liabilities are also not included herein: (i) any liabilities that MLC might have to its subsidiary General Motors Nova Scotia Finance Company ("GM Nova Scotia") under Nova Scotia law as a result of an insolvency order in respect of GM Nova Scotia having been approved by the Nova Scotia Supreme Court on October 9, 2009, (ii) any liabilities MLC might owe as a result of its guarantee of the 8.375% Notes due December 7, 2015 and the 8.875% Notes due July 10, 2023 issued by GM Nova Scotia, or (iii) any liabilities that MLC might owe as a result of its guarantee of certain obligations of its subsidiary El-Mo Leasing III Corporation. Total amount of outstanding principal and interest of the notes issued by GM Nova Scotia is approximately \$1,026 million at May 31, 2009.

Liabilities subject to compromise consist of the following:

	<b>August 31, 2009</b>	
	(amounts in millions)	
Unsecured bond debt	\$	27,330
Due to affiliates		124
Accounts payable		31
Accrued payroll and employee benefits		14
Environmental reserves		505
Union obligations		3,485
Workers' compensation		70
Litigation and product liability		1,637
Other accrued liabilities		548
Liabilities subject to compromise	\$	33,744

**Note 5 - Reorganization Items**

SOP 90-7 requires that reorganization items, such as professional fees directly related to the process of reorganizing under Chapter 11 and provisions and adjustments to reflect the carrying value of certain pre-petition liabilities at their estimated allowable claim amounts, be reported separately. The Debtors' reorganization expense items for the period July 10, 2009 through August 31, 2009 relate to professional fees.

**Note 6 - Post-petition accounts payable**

The Debtors believe that all undisputed post-petition accounts payable have been or are being paid under agreed payment terms and the Debtors intend to continue paying all undisputed post-petition obligations as they become due.
