42 Illinois Nursing Homes Cited In 4th Quarter of 2009 For Violations Related To Patient Care

Posted at 5:47 AM on April 16, 2010 by Jonathan Rosenfeld

I feel strongly about publicizing information related to poorly performing facilities. In Illinois, we are fortunate to have a department of health that does a great job documenting nursing home violations and publishing them on a quarterly basis. My hope is that families can use this information when making decisions relating to the placement of a loved in a nursing home.

Below are the actual facilities cited by the [IDPH this quarter](#)-- I do think the individual violators are important-- but I think the better understanding of the real state of nursing homes in Illinois can be visualized by looking at the violators in their entirety.

Nonetheless, if you have a loved one at one of these facilities, you should at least be aware of the facilities prior violations. Further, looking at prior quarterly violations can help in making a determination if the facility merely had an isolated problem or truly has ongoing patient safety problems.

Summation of Illinois Nursing Home Violators: 4th Quarter 2009

- Total Number of Nursing Home Violations: 42
- Nursing homes cited more than once: 1 (South Shore Nursing & Rehab Center)
- Number of nursing home fined: 19
 - Lowest Fine - \$5,000 (Rainbow Beach Care Center)
 - Highest Fine - \$50,000 (Golden Moments Senior Care Center)
- Total fines implemented against Illinois Nursing Homes in the 4th quarter - \$417,000
