### About me:

I own a company called Play Scapes and we build custom Playsets and furniture. If your kids are in front of the Tv, all day get them a playset and they'll be outside getting exercise (which is what they need to be doing anyway) and out of your hair. I have a baby that is 2 years old and she is absolutely the Love of my life. I'm new again to myspace so I'll fix up the page with more pictures of me and my business. I'm looking to do some networking and meet some good people. Talk to you soon.

### Who I'd like to meet:

Fellow business owners, networkers and people that have class.
