

# Social Security Field Offices to Begin Closing a Half Hour Early

Written On July 28, 2011 By [Bob Kraft](#)

Federal budget cuts are causing the Social Security Administration to reduce the hours field offices are open to the public. Here is the official press release from the Social Security Administration:

Effective August 15, 2011, Social Security field offices nationwide will close to the public 30 minutes early each day. For example, a field office that is usually open to the public Monday through Friday from 9 a.m. to 4 p.m. will close daily at 3:30 p.m.

“While agency employees will continue to work their regular hours, this shorter public window will allow us to complete face-to-face service with the visiting public without incurring the cost of overtime for our employees,” said Michael J. Astrue, Commissioner of Social Security. “Congress provided our agency with nearly \$1 billion less than the President requested for our budget this fiscal year, which makes it impossible for us to provide the amount of overtime needed to handle service to the public as we have in the past.”

Most Social Security services do not require a visit to an office. For example, anyone wishing to apply for benefits, sign up for direct deposit, replace a Medicare card, obtain a proof of income letter or inform us of a change of address or telephone number may do so at [www.socialsecurity.gov](http://www.socialsecurity.gov) or by dialing our toll-free number: 1-800-772-1213 (TTY 1-800-325-0778).
