

Addendum

Monday, July 18, 2011

Last Friday, we put up a [bare bones post](#) about some expert rulings in HT (bareboned because our involvement in the litigation limits what we can say). We've now learned that the third order has been - not exactly modified but supplemented - and we don't want any readers not getting fully accurate information. None of the prior rulings of #3 were changed, but some FDA-related testimony, not ruled on in order #3, was allowed.

Here's a [copy](#) of the supplemental order.
