PETITION TO SET ASIDE PATERNITY AFFIDAVIT

The «Client's party designation», requests an Order from this court Setting Aside the Paternity Affidavit executed in this case on the grounds of fraud or mistake:

1. The «Client's party designation» executed a paternity affidavit based upon representations of the «Opposing party's party designation» that he was the only potential father of «Child's name».

2. No paternity was requested by the «Client's party designation» based on the representations of the «Opposing party's party designation».

3. Since «Opposing party's party designation» executed the paternity affidavit and since the court entered its «IF Was there a Decree of Paternity?» Decree of Paternity «ELSE» Findings and Recommendations on Verified Petition to Establish Child Support «END IF», the «Opposing party's party designation» has admitted that «Client's party designation» was not the only potential father of «Child's name» and was likely not even the child's potential father.

4. The «Client's party designation» requests genetic testing and if the genetic testing excludes «Client's party designation» as the child's father then asks the court to set aside the paternity affidavit and ORDER of Paternity.

I affirm, under the penalties for perjury, that the foregoing representations are true.
