HealthyBuilt Homes Program- is it for you? (Tue Tip)

by MelissaBrumback on January 4, 2011

Are you a North Carolina builder or designer interested in energy-efficient homes? Want a “marketing edge” with your clients, to demonstrate why you are the professional they should use for the construction of their new home?

If so, then check out the [NC HealthyBuilt Homes Program](#) website, which features checklists, requirements, and links to other [information on tax incentives](#) for building healthier, greener homes. In the [builder section](#) of the website, they even include a downloadable brochure for your customers, to help you stand out from the crowd.
