About Orange Legal Technologies

OrangeLT™ is a leading provider of electronic discovery litigation, audit, and investigation technology and services for law firms and corporations. Having served over 1,000 clients since inception and with over 250 clients leveraging the OneO® Discovery Platform since its introduction, Orange Legal Technologies has worked with some of the world's most [well known corporations and law firms](#).

OrangeLT™ offers a complete suite of electronic discovery technology and services, including collection, analysis, processing, review and production of digital and paper-based information. OrangeLT™ is enabled by the OneO® Discovery Platform – an integrated, web-accessible electronic discovery platform that provides online analysis, processing, and review of unstructured data from the security of a hosted centralized repository.
