

Original MLM Startup Conference for the Executives of Startup and Existing MLM Companies

© Jeffrey Babener 2012/2013/2014

For more than 25 years, leading industry experts have educated the executives of starting and existing MLM, direct selling, network marketing, and party plan companies on how to structure their compensation plans, legalize their companies, recruit key employees and top-ranking distributors, develop business models, generate leads, fund their business, establish their website and technology platforms, better understand the direct selling industry, and so much more.

The MLM Startup Conference takes place annually in February, May, and October in Las Vegas. View the conference flyer page at <http://www.mlmllegal.com/srs2.html> to see when our next conference is scheduled.

This is the *original* MLM Startup Conference – responsible for launching many industry-leading companies – perfected over the course of a quarter of a century to ensure the highest quality of information, the most knowledgeable experts and the most practical advice from qualified experts.

Over the course of two days, attendees will hear from scores of industry experts and, if they choose to, can sign up with the speakers for individual one-on-one time. A full list of speakers and their biographies/credentials can be found at <http://www.mlmllegal.com/bio.html>.

The educational information gained by attending this event is invaluable. Here are just a few of the testimonials from past attendees:

We have a traditional business at the moment and we are looking to take it into the realm where it's more personalized, it's more about building people and an experience. It has been absolutely worth our trip. We are looking to take our business to the next level and build relationships.

The reason I came to the show was to learn more about how to launch my direct sales company. I'm very comfortable and accustomed to selling through more traditional networks; however, I believe that the product that I'm launching is more suitable for direct sales; to get direct-to-consumer faster and in greater sales.

[I've] been in network marketing for 30 years [but] we are learning a lot of things about how to launch, how to reach the people we need to have, and again, the things that are required to make a successful company, not only for us but especially for our customers and for our affiliates.

Each attendee will receive a **FREE** copy of the [Starting and Running the Successful MLM Company Manual](#).

Read why people have consistently attended the MLM Startup Conference for over twenty years:

We want to get the fundamentals and the basics down... get a good review of what needs to be done to be successful...

We have a traditional business at the moment and we are looking to take it into the realm where it's more personalized, it's more about building people and an experience. It has been absolutely worth our trip. We are looking to take our business to the next level and build relationships.

[I've] been in network marketing for 30 years [but] we are learning a lot of things about how to launch, how to reach the people we need to have, and again, the things that are required to make a successful company, not only for us but especially for our customers and for our affiliates.

I want to teach other people how to run their own clothing business and have fun doing it. I have a distribution plan. I have a unique product that I need to take nationwide in a couple of months.

I'm here because I want to know more about multi-level and I can replicate that experience in my country (Columbia)... It's worth it to be here.

The reason I came to the show was to learn more about how to launch my direct sales company. I'm very comfortable and accustomed to selling through more traditional networks; however, I believe that the product that I'm launching is more suitable for direct sales; to get direct-to-consumer faster and in greater sales.

I have a huge to-do list... Once I know what I'm supposed to be working on I won't spin my wheels.
