

[Upcoming Construction Related Events](#)

I just thought I'd give a quick update on my upcoming construction related activities. I have been lucky enough to be invited to speak at various conferences and meetings of construction professionals.

On Thursday, April 22, 2010, I will be speaking on the topic of Construction Contract Pitfalls to the local chapter of the [ASPE](#). Here's the [brochure](#) for more details.

On June 2 and 3, 2010 I will be speaking at the [2010 Annual VOSH Occupational Safety Conference](#) on the topic of Ethical Considerations for Safety Officials. Here are the [details](#).

I will still be speaking (along with Scott Wolfe, Shari Shapiro and Tim Hughes) at the now rescheduled for fall [Green Legal Matters](#) conference on the topic of LEEDigation: The Impact of [LEED](#) on Construction Litigation and Practice. For more on this, [click here](#).

I will also be authoring the Virginia Construction Law Survey for the [University of Richmond](#) Law Review. This will be published at a date to be determined. If any of you Virginia construction attorneys have any recent (post 2008) developments that you think should be included, please let me know.

I thank all of you who have offered me opportunities to publish in your publications. I will be sure to link to those articles at the appropriate time.

Thanks again to all of you who regularly read [Construction Law Musings](#) and post in the [Guest Post Friday](#) series. I truly appreciate all of your readership and efforts.

Please check out my [Construction Law Musings Blog](#) for more on Virginia construction law and other topics.
