

Ready to file bankruptcy? That's good news, not bad.

Why would filing bankruptcy be good news, not bad?

- **It's the one thing you can do to restart your financial life** from an impossible financial past.
- **You're taking action to build a stronger financial future** for you and your family instead of continuing to struggle
- **Bankruptcy was provided by Congress for a reason**, to allow you to get a Fresh Start and once again contribute to the economy instead of continuing to struggle.

As you might expect, there are many things to evaluate before taking this step. **Do yourself a favor and consult with an experienced bankruptcy attorney in your area sooner rather than later.**

Are you putting off contacting a bankruptcy attorney? That might cost you lots of money.

Should you avoid bankruptcy?
