Specifically, "quarterly estimated tax payments of the Gross Receipts Tax, Payroll Expense Tax, Commercial Rents Tax, and Homelessness Gross Receipts Tax that would otherwise be due on April 30, 2020, are waived for taxpayers or combined groups that had combined San Francisco gross receipts in calendar year 2019 of \$10,000,000 or less. See the DOR's <a href="#">website</a> for more information.</p> <p>The governor has also suspended filing deadlines for taxes imposed on business personal property, taxable natural resource property, and taxable oil and gas property. The DOR has updated its [return due date matrix](#) to include guidance that Form D0525 (Annual Report of Public Utility Intrastate Gross Operating Revenue) must be postmarked by May 15, 2020 or electronically filed by June 1, 2020.

The DOR has also suspended statutory requirements of the International Fuel Tax Agreement for any motor vehicle engaged in interstate disaster relief. The suspension is effective March 27, 2020 to June 30, 2020. The annual severance tax for the tax year ending December 31, 2019 and due April 15, 2020 has been extended to May 15, 2020. See the [DOR COVID-19 response page](#) for more details.

The DOR has posted guidance to its website related to income earned by nonresidents performing emergency relief services during the COVID-19 state of emergency. Employers should not withhold on wages paid to nonresident emergency relief workers working in Colorado during the COVID-19 state of emergency. See the DOR's [post](#) on its website for details.

The DOR has advised that due to the DOR office closures, there are no staff available to accept legal documents. To serve the DOR with legal documents, send a request of personal service to [alexandra.prichard@state.co.us](mailto:alexandra.prichard@state.co.us) and include a waiver form for acceptance of the service and the legal documents that need to be served. See the Department's [website](#) for more information.

The DOR published [guidance](#) on the state's conformity to the CARES Act. Colorado conforms to the Internal Revenue Code on a rolling basis but does not incorporate federal statutory changes that are enacted after the last day of a tax year. Therefore, federal statutory changes enacted after the end of a tax year do not impact taxpayer's Colorado tax liability for that tax year. In general, amended returns reporting CARES Act adjustments for tax years ending before March 27, 2020 should not be filed unless the original return reflected federal adjustments allowed by the act.

Colorado passed [House Bill 1420](#), which decouples from certain provisions of the CARES Act. For tax year 2020, taxpayers must add back net operating loss deductions computed under Section 2303 of the CARES Act. Taxpayers must also add back the amount of a taxpayer's business interest expense deduction that exceeds the allowed deduction under the Tax Cuts and Jobs Act (TCJA).

See <a href="#">Press Release</a>, Georgia Income Tax and Tag Renewal Deadlines Extended (March 25, 2020). The extension also applies to estimated income tax payments due April 15, 2020. See the Department's <a href="#">FAQ</a> for more details. Vehicle registrations that expire between March 16, 2020 and May 14, 2020 are extended through May 15, 2020.</p> <p>The Department also issued informal guidance on its FAQ instructing taxpayers that the Department will not use the presence of workers temporarily in the state due to COVID-19 as a basis for establishing nexus in the state. Further, wages paid to employees temporarily in the state due to COVID-19 will not be considered wages earned in Georgia and therefore employers are not required to withhold Georgia taxes on these wages. These two measures apply during a period when an official stay-at-home order is in place by the relevant government authority or when an employee is ordered to stay at home by a physician.</p> <p>The Georgia Department of Labor has mandated that employers are required to file partial unemployment claims on behalf of their employees whenever it is necessary to temporarily reduce work hours or there is not work available for a short period. Illinois	<p>The Illinois Department of Revenue issued <a href="#">Informational Bulletin FY 2020-23</a> to all registered Illinois retailers operating eating and drinking establishments. The Department is waiving all penalties and interest that would have been imposed on sales tax payments for qualified taxpayers. Eligible taxpayers are taxpayers who operate eating and drinking establishments that incurred a total sales tax liability of less than \$75,000 in calendar year 2019. Qualified taxpayers will not be charged penalties or interest on late payments for payments that are due in the February, March and April 2020 reporting periods. For most qualified taxpayers, the Department will automatically waive penalties and interest, but if a taxpayer thinks they received a notice from the Department owing interest and penalties, in error, then the taxpayer can respond to the notice with a waiver request. Taxpayers must still file Form ST-1 for each reporting period. Taxpayers must pay their liabilities due in March, April, and May 2020, for liabilities reported on Form ST-1, as follows: 1/4 of the liability for February, March, and April 2020 reporting periods is due May 20, 2020; 1/4 of the liability for February, March, and April 2020 reporting periods is due June 22, 2020; 1/4 of the liability for February, March, and April 2020 reporting periods is due July 20, 2020; and 1/4 of the liability for the February, March, and April 2020 reporting periods is due August 20, 2020.</p> <p>Additionally, the income tax filing and payment deadline for all taxpayers who pay their Illinois income taxes on April 15, 2020 has been extended to July 15, 2020. This extension applies to individual returns, trusts, and corporations. The deadline for Illinois partnership return filings and payments have not been extended. Penalties and interest will accrue on any unpaid balances on July 16, 2020. The extension does not apply to estimated payments for tax year 2020 due on April 15 and June 15. The Department will waive penalties and interest for employers that fail to withhold Illinois income taxes for Illinois employees where the sole reason for the Illinois withholding obligation is that the employee is working from home due to the COVID-19 pandemic.

Taxpayers who wish to cancel or reschedule electronic income tax payments scheduled for April 15, 2020 can do so through either MyTax Illinois or their banking institutions, or by emailing the Department at [rev.taxpay@illinois.gov](mailto:rev.taxpay@illinois.gov). The Illinois legislature passed [House Bill 2682](#), which provides that late filing fees will not apply and liquor license fees are deferred for a liquor license holder whose business or business operations have been suspended in any capacity due to the March 16, 2020 executive order or subsequent orders. Iowa has not conformed with any federal tax changes to the extent they apply to a tax year beginning prior to January 1, 2020. Iowa generally conforms with tax provisions of the CARES Act to the extent they affect Iowa income taxes for tax years beginning on or after January 1, 2020. The legislation also contains conformity to Section 1106(j) of the CARES Act, which excludes loans forgiven under the PPP, meaning amounts forgiven under PPP are not subject to Iowa income tax.</p> <p>Additionally, the Department has advised that while Iowa's state of emergency in response to COVID-19, or a similar declared state of emergency in the state where a worker normally worked prior to COVID-19, remains in effect, the Department will not consider the presence of one or more employees working remotely from within Iowa solely due to COVID-19 pandemic, by itself, sufficient business activity within the state to establish Iowa corporate income tax nexus. Further, the Department does not consider the presence of non-sales employees due to COVID-19 sufficient, by itself, to cause a corporation to lose the protections of Public Law 86-272. See the Department's COVID-19 <a href="#">FAQ</a> page for more details.</p> <p>Lastly, Iowa individual income tax and withholding requirements have not been modified by the COVID-19 pandemic. This is an automatic extension and no extension request is necessary. Taxpayers may disregard collection notices sent by the DOR for February 2020 sales tax returns. See <a href="#">Revenue Information Bulletin No. 20-008</a>. Additionally, the DOR will grant automatic penalty waivers to sales tax filers for March and April 2020 sales tax returns (due April 20 and May 20 respectfully). The DOR will waive penalties if taxpayers remit and pay March and April sales tax and any deficiency interest by June 30. If a taxpayer is unable to remit sales tax and any deficiency interest by June 30, penalty relief will be granted if the taxpayer submits and enters into an Installment Request for Business Taxes, <a href="#">Form R-19027</a>. For the March 2020 sales tax period, the DOR has sent self-assessment bills to taxpayers who filed returns but did not remit payment. prior to the COVID-19 state of emergency but are now working outside of the state due to the COVID-19 state of emergency will continue to be treated as Massachusetts sourced income and subject to personal income tax. Employers with Massachusetts resident employees who previously worked outside the state but are now are working in Massachusetts because of the COVID-19 state of emergency are not required to withhold Massachusetts income tax to the extent that the employer continues to withhold income tax in the employee's pre-COVID-19 work state. Additionally, businesses are not required to collect and remit payments to the Massachusetts Paid Family and Medical Leave Program for employees who previously worked outside the state but are now working inside the state due to the COVID-19 state of emergency. Further, the presence of employees in the state during the COVID-19 state of emergency will not trigger sales and use tax and corporate excise tax nexus. Lastly, compensation paid to employees working in the state due to the COVID-19 state of emergency will not be considered for computation of a taxpayer's payroll factor for apportionment purposes. The state has superseded TIR 20-5 with [TIR 20-10](#). The state will not assert nexus or require payroll withholding but only for a period the earlier of December 31, 2020 or 90 days after the lift of the Massachusetts state of emergency.

The Department will waive any late-file or late-pay penalties imposed under Mass. Gen. L. Ch. 62C § 33 for returns and payments due during the period March 20, 2020 through May 31, 2020, for the following: (1) vendors with meals tax return and payment obligations pursuant to G.L. c. 62C, § 16 that do not otherwise qualify for relief announced in Emergency Regulation 830 CMR 62C.16.2(7) promulgated by the Department on March 19, 2020 (see above); and (2) operators and intermediaries with room occupancy excise return and payment obligations that do not otherwise qualify for relief announced in Emergency Regulation 830 CMR 64G.1.1(11)(g) promulgated by the Department on March 19, 2020 (see above). Only penalties are being waived; statutory interest will continue to accrue. To be eligible for a penalty waiver, vendors, operators and intermediaries must file their returns and remit payments on or before June 20, 2020. The penalty waiver is limited to the taxpayers and tax periods outlined above. Applications for waiver of penalties for sales tax other than sales tax on meals, or other circumstances not covered above, will be handled on a case-by-case basis based on reasonable cause.

New Hampshire	<p>The New Hampshire Department of Revenue Administration issued a technical release offering relief to taxpayers filing Business Profits Tax returns (BPT), Business Enterprise Tax returns (BET), and Interest and Dividends Tax returns. Taxpayers are granted a seven-month automatic extension if the taxpayer has paid an amount no less than their 2018 tax liability by April 15, 2020. No extension form is required. Additionally, taxpayers who make their 2020 estimated tax payments based on an amount no less than their 2018 or 2019 total tax liability will not incur underpayment penalties. Taxpayers using their tax year 2018 tax liability must make a payment equal to 25% of 2018 total tax liability.</p> <p>Further, the deadline for taxpayers whose tax year 2018 business tax liability (BPT and BET) was \$50,000 or less is extended from April 15, 2020 to June 15, 2020. Similarly, the deadline for taxpayers whose tax year 2018 interest and dividends tax liability was \$10,000 or less is extended from April 15, 2020 to June 15, 2020. Taxpayers who qualify are also granted an automatic seven-month extension to file both business tax returns (BPT and BET) and interest and dividends tax returns. New Jersey	<p>The deadline for individual gross income tax, partnership, and corporate business tax filings and payments originally due April 15, 2020 has been extended to July 15, 2020. Tax year 2020 first quarter estimated payments are also extended to July 15, 2020. Tax year 2020 second quarter estimated payments are due June 15, 2020. The extension does not apply to corporations with business tax returns with an extended deadline of April 15, 2020. The Department has provided a matrix with due dates for all returns on its <a href="#">website</a>.</p>	<p><a href="#">New Jersey Division of Taxation Return Due Date Matrix</a></p> <p><a href="#">New Jersey Division of Taxation Website</a></p>

	<p>Per the New Jersey Division of Taxation website, all walk-in services are suspended. Call centers and email services are available but expect delays as staff is limited. See the Division's <a href="#">website</a> for more information.</p> <p>The Division has waived the legal implications of N.J.S.A. 54:10A-2 and N.J.A.C. 18:7-1.9(a), which create nexus for an out-of-state corporation when the corporation's employees work from their homes in New Jersey. The nexus threshold will not be met to the extent employees are working from home due to closures in response to COVID-19. The Division is also temporarily waiving the sales tax nexus standard that is met when an out-of-state seller has employees in the state. As long as the out-of-state seller does not maintain a physical presence other than employees working from home in New Jersey and is below the state's economic thresholds, the Division will not impose nexus on the out-of-state seller. Lastly, New Jersey sourcing rules dictate that income is sourced based on where the service or employment is performed based on a day's method of allocation. The Division advised that employers should continue to source wages based on the employer's jurisdiction. The Division advises employers not to changes their payroll systems for temporary work setup. See the Division's <a href="#">website</a> for more information. However, in an email from Regulatory Services and published by Checkpoint, if the stay in New Jersey is 183 days or more, this individual will be classified as a resident of New Jersey and will be subject to tax on all of their income during their period of residency.</p> <p>The Division has advised taxpayers on the taxability of surcharges added to transactions. The taxability of these surcharges depends on the taxability of the underlying item or services sold. For example, surcharges on restaurant bills are taxable because meals and beverages are taxable. Surcharges added to bills at hair salons are not subject to tax as services at hair salons are not taxable. See the Division's <a href="#">post</a> on its COVID-19 website.</p> <p>The New Jersey Supreme Court has extended the deadline for filing complaints and countercomplaints for state tax cases until May 1, 2020 or 30 days following the end of the state of emergency. The extension applies to both state tax cases and property tax appeals. See <a href="#">New Jersey Supreme Court Order</a> (April 6, 2020).</p> <p>The New Jersey Economic Development Authority (NJEDA) has extended the annual reporting deadline for businesses receiving tax credits. The Pennsylvania Board of Appeals has closed its offices and thus has suspended all in-person hearings. Hearings held during the office closures can be conducted over Skype. The Board will issue orders through email. Any filings made during this time can be filed through the [Board of Appeals online petition center](#). Filed appeals will be dated by either the postmark from the US Postal Service or the timestamp on petitions filed electronically. Appeals of tax assessments will be considered timely filed by the later of either 30 days after the reopening of the Board of Appeals or the original appeal deadline. See [Announcement](#), Board of Appeals Operations During COVID-19 Pandemic.

Further, the Board of Finance and Revenue has moved all hearings to teleconference. To participate in a telephonic hearing, a taxpayer must email a hearing reply to [bfr@patreasury.gov](mailto:bfr@patreasury.gov) at least 10 days prior to the scheduled hearing. If a taxpayer fails to submit a hearing reply, the Board will decide a taxpayer's appeal based on submissions to the Board. Appeals to the Board will be considered timely filed based on US postmark, date an email is received by the Board, timestamp on a fax received by the Board, or date of hand delivery. Philadelphia COVID-19 Tax Relief: The Philadelphia Department of Revenue has extended the deadlines for filing and paying real estate taxes from March 31, 2020 to June 15, 2020. See [2020 Real Estate Tax Due Date Policy Update](#) (April 24, 2020). Penalties and interest are abated until April 30, 2020. The city has extended the Business Income and Receipts Tax (BIRT) and Net Profits Tax (NPT) due dates to July 15, consistent with the IRS extension. The extension includes tax year 2020 estimated payments. Penalties and interest are abated during the extension period. Further, the Department will automatically match BIRT and NPT filing deadlines with IRS granted extensions. See [BIRT and NPT Filing and Payment Extensions Policy Update](#) (April 14, 2020).

Additionally, the Department has advised that economic impact payments paid to individuals under the CARES Act are not subject to Philadelphia wage and earnings tax or Philadelphia school income tax. See [Taxability of Economic Impact Payment for Philadelphia Wage/Earnings Tax and School Income Tax Purposes](#) (April 30, 2020).

The Department has issued guidance related to nexus and apportionment. The Department is temporarily waiving its legal nexus threshold that the presence of employees in the city creates nexus for the imposition of the BIRT and NPT. The waiver applies if the employee is working in the city solely due to COVID-19. Further, the location of where employees are working due to COVID-19 will not affect a taxpayer's sourcing for apportionment. The Department considers non-resident employees who previously performed services in Philadelphia but are now working outside the city due to COVID-19 as performing services in the city for sourcing BIRT and NPT receipts. Conversely, resident employees who prior to COVID-19 were working outside the city

Note, this rule is in effect for 120 days, or up to 180 days if extended, unless the COVID-19 state of emergency in Rhode Island has ended, the Division issues permanent rules, or lastly if the Division enters into withholding agreement with another state. Virginia	<p>The Virginia Department of Taxation issued a bulletin regarding income tax payment deadlines as a result of the COVID-19 crisis. All income tax payments due between April 1, 2020 and June 1, 2020 can be submitted to the Department any time on or before June 1, 2020. The Department will automatically waive late payment penalties as long as full payment is received by June 1, 2020. If the full amount is not paid by June 1, 2020, the penalty waiver will not apply, and late payment penalties will accrue from the original date that the payment was due. Interest will continue to accrue from the original date of the payment, so those who are able to pay are encouraged to do so. The following taxes are eligible for the payment extension and penalty waiver: individual, corporate, fiduciary income taxes, and any estimated income tax payments during this period. The waiver does not provide a filing extension and all returns are due by their relevant due dates. Virginia does provide an automatic filing extension to all taxpayers for up to six months (seven months for certain corporations), and no application is required to apply the extension.
