

LEGAL NEWS, presented by Attorney G. Randolph Rice, Jr.,

#### ARRESTED OR CHARGED WITH A CRIMINAL OR TRAFFIC OFFENSE?

If you've been arrested, you don't want to go to court alone. You need a trusted, knowledgeable, and experienced attorney that will fight for your case. Everyday I'm in court I witness countless individuals trying to handling their own criminal and traffic charges, and usually with failed results. Each case is unique and each charge has numerous requirements the State must meet to prove your guilt. I always advise against going to court alone, the consequences could affect you for the rest of your life. You wouldn't try to perform surgery on yourself, so why try to handle your own legal matter. I go to great lengths to ensure that each one of my clients' cases is thoroughly investigated and that each angle of the law is explored before the trial date. In addition to preparing a legal argument, I also require my clients to explore activities and treatment before the trial date. If you're charged with a DUI/DWI, I advise each client to enter a treatment program. In any criminal or traffic matter, the standard of proof the State must overcome is "beyond a reasonable doubt." In many cases, there is doubt and I strive to seek and bring to light that doubt at trial.

#### INJURED BECAUSE OF THE NEGLIGENCE OF ANOTHER?

If you've been injured in an auto accident or through the negligence of another, I offer personal service to your important personal injury matter. The injuries you suffer can disrupt or devastate your life. You are fighting with insurance companies and that adds to the stress of the situation. By allowing me to handle your case, you have nothing to worry about except healing from your injuries. I fight for every case and make the insurance companies pay their fair share. The biggest complaint that clients indicate is they can't get in touch with their attorney or they feel neglected. The longer you wait for an answer on your case, the more you worry and that can have a negative effect on your outlook of the matter. I strive to make sure every question or concern from my clients is answered or resolved as soon as possible.

If you have been charged with a criminal offense, felony, misdemeanor, DUI, DWI, or traffic charge, I can assist you in navigating the complex landscape of the courts. In addition, if you've been injured by the negligence of another, you deserve an attorney that will give you the personal attention you deserve, that I can guarantee.
