Argentina <sup>1</sup>	<p>The Argentine government took measures to minimize the spread of COVID-19. The most important measure was the set-up of a mandatory lockdown since March 2020 until -at least- July 17th, 2020.</p> <p>Although the mandatory lockdown was set across the country by the federal government, the Provinces and Municipalities have the authority to regulate and determine its exceptions.</p> <p>The City of Buenos Aires (“CABA”) and the Metropolitan Area of the Province of Buenos Aires (“AMBA”) continue with a strict mandatory lockdown while the rest of the country relaxed restrictions and allowed most businesses and industries to return to normal activity.</p> <p>Services and activities considered essential were excepted from the lockdown since the very beginning.</p> <p>The exceptions to the lockdown include services and activities within several industries:  1) Healthcare; 2) Public Infrastructure; 3) Telecommunications; 4) Broadcasting; 5) Food and Health Supplies Production; 6) Utilities; 7) Transport &amp; Logistics; 8) Oil &amp; Gas; 9) Mining; 10) Agriculture, Fishing and Forestry; 11) Banking; 12) Automotive; 13) Energy Generation and Distribution; 14) Manufacturing; 15) Certain retail stores; etc.</p> <p>As a general rule, employees of companies that provide/develop non-essential services/activities must not attend their workplace during</p>	<p>As mentioned, most Provinces and Municipalities allowed almost all businesses and industries to operate normally, including retail stores. This is only allowed by adopting certain social distancing measures and cleaning and sanitizing procedures.</p> <p>As regards CABA and AMBA, where the lockdown is stricter, the most relevant retail stores exempted from the lockdown are:</p> <ul style="list-style-type: none"> <li>• Wholesale and retail supermarkets, local food retail stores.</li> <li>• Pharmacies.</li> <li>• Hardware stores.</li> <li>• Veterinaries.</li> <li>• Petrol stations.</li> <li>• Restaurants (only delivery take-out and take away).</li> <li>• Maintenance and repair workshops for vehicles.</li> <li>• Stores that sell spare parts, parts, and pieces for vehicles (only door-to-door delivery).</li> <li>• Stores that sell tires for vehicles.</li> <li>• Laundry shops</li> <li>• Store sales of construction supplies and materials.</li> <li>• Banking activity with attention to the public, exclusively with a shift system. Notary offices (online work only).</li> </ul>	<p>In the case of CABA and AMBA, the rule is that every business is closed, except for certain activities that are allowed.</p> <p>In the rest of the country, the retail stores that remain closed are only those having high risks of social concentration and the spread of COVID-19 (e.g. bars, discos, etc.).</p>	<p>The Argentine government issued an Emergency Decree, providing:</p> <ul style="list-style-type: none"> <li>• The suspension of evictions due to non-payment of rent of leased properties until September 30th, 2020.</li> <li>• The extension of lease agreements that ended on March 20th, 2020, or that will end before September 30th, 2020. The registration for the benefit expires 30 June 2020. This financing will be credited to the individual's credit card. The amount of the financing may not exceed a quarter of the upper limit of gross income established for each category of the simplified regime for small taxpayers, with a maximum limit of ARS 150,000. The financing will be disbursed in three equal and consecutive monthly installments. Tax and social contributions to be paid by the individual registered with the regime for small taxpayers and social contributions to be paid by the self-employed workers will be added in the financing and withheld by the tax authority.</p> <p>The government may extend the benefits for entities and individuals until 30 June 2020. This extension will depend on the impact of the COVID-19 in their activities.</p>

This means a suspension of payment over three months, with a minimum of 50%, but where necessary it could mean 75 or 100% suspension (if feasible for the landlord, considering proportionality in size and capacity). USA	<p><b>A national State of Emergency</b>, beginning March 1, 2020, was declared on March 13, 2020 related to the COVID-19 pandemic.</p> <p>All 50 states also declared states of emergency related to the COVID-19 pandemic. Stay-at-home orders were issued by local and state governments as a measure to prevent the spread of the virus. As of May 20, 2020, all states but Illinois and New Jersey have begun reducing the stay-at-home measures.</p> <p>Although President Trump has unveiled <a href="#">Guidelines</a> for “Opening Up America Again,” reopening in the US is being done at the state-level.
