The Socio-Economic Research Institute of America Inc.*

UNITED STATES DISTRICT COURT  
SOUTHERN DISTRICT OF NEW YORK

GERALD CELENTE and THE SOCIO-  
ECONOMIC RESEARCH INSTITUTE OF  
AMERICA INC. d/b/a THE TRENDS  
RESEARCH INSTITUTE,

Plaintiffs,

- against -

GOOGLE INC., DAVID CHEKROUN, and  
JOHN DOES 1 through 10,

Defendants.

Index No.: 12 CV

**COMPLAINT**

**DEMAND FOR JURY TRIAL**

Plaintiffs Gerald Celente (“Mr. Celente”) and The Socio-Economic Research Institute of America Inc. d/b/a The Trends Research Institute (“The Trends Research Institute”) (collectively “Plaintiffs”), by their attorneys Pryor Cashman LLP, allege as follows against Defendants Google, Inc. (“Google”), David Chekroun (“Chekroun”), and John Does 1 through 10 (“John Does” and collectively with Chekroun, the “Blog Defendants”):

**NATURE OF ACTION**

1. Mr. Celente, an enormously popular, successful and internationally renowned author, publisher and speaker on socio-economic and geopolitical trend forecasting brings this

action to obtain injunctive relief and recover monetary damages for unfair competition, cybersquatting and violation of his rights of privacy and publicity, among others, as a result of the unauthorized use of Mr. Celente's name, likeness and trademark in connection with Blog Defendants' Internet blogs, which are hosted by Google.

2. Without seeking or obtaining Mr. Celente's authorization, Blog Defendants are using the GERALD CELENTE trademark and his image on blogs that discuss socio-economic and geopolitical trend forecasting – the exact subject matter on which Mr. Celente is renowned for providing his viewpoints and The Trends Research Institute is hired to provide .

3. These blogs contain inaccurate, malicious and potentially life threatening statements, with increasing frequency in recent weeks, that blatantly attempt to trade off the fame and goodwill associated with the GERALD CELENTE trademark and Mr. Celente's hard-earned reputation.

4. And as Blog Defendants intended, Internet users mistakenly believe that these blogs are authorized, sponsored, endorsed or otherwise affiliated with Mr. Celente. Indeed, the blogs are accompanied by pictures and video clips of Mr. Celente that would appear to any reasonable person that the blogs are sponsored or endorsed by Mr. Celente.

5. Mr. Celente has been castigated in comments posted on the blogs regarding the offensive political and social contents, including anti-Islamic and anti-Semitic statements. Furthermore, Mr. Celente has received direct emails from mistaken consumers deriding him for the offensive blog posts. The use of the GERALD CELENTE mark in the domain name as well as the widespread display of Mr. Celente's image and video clips on the blogs gives credence to the content of the blogs and creates the false impression that they are authentic.

6. The blogs are hosted by Google's Blogger. Before filing this action, Mr. Celente notified Google numerous times of the Blog Defendants improper use of his trademark, likeness and malicious content on the blogs it hosts. In response, the "Google Team" claimed that the Communications Decency Act provided it with complete immunity and, upon information and belief, took no action to address Mr. Celente's notices of claimed infringement.

7. Plaintiffs' entire business model depends upon Mr. Celente's strong and well-respected reputation in the marketplace and industry that he earns by the views that he expresses through various media channels including the Internet. With each day that passes, Mr. Celente's reputation is irreparably harmed by the content posted on the Infringing Blogs which consumers mistakenly believe is emanating from Mr. Celente because of the use of the GERALD CELENTE trademark in the domain name and content of the blogs, and the use photographs and video clips of Mr. Celente. These blogs must be taken down or Plaintiffs will continue to suffer irreparable harm.

makes about the global financial markets and other events of historical importance. 23. By virtue of this extensive unsolicited media attention, advertising and promotion – for which Plaintiffs have expended substantial time and resources – the GERALD CELENTE mark has become well-known by the general public and in the relevant industries, is recognized and relied upon as identifying Plaintiffs’ services and as distinguishing them from the services of others, and has come to represent and symbolize extremely valuable goodwill belonging exclusively to Plaintiffs.

24. The goodwill associated with the GERALD CELENTE trademark is of incalculable value.

25. In addition to the strong, nationwide common law rights Mr. Celente has developed in the GERALD CELENTE mark through his continuous use of that mark since 1981, Mr. Celente has a pending application for GERALD CELENTE, Serial No. 85/561,869 for Class 16 “newsletter including news columns and editorials providing trends research and analysis of current events” and Class 35 “providing socio-economic information in the field of geopolitical trends research via a website with videos on a multi-user global computer information network.” A Notice of Allowance issued on October 16, 2012.

26. Plaintiffs also own additional unique and highly valuable trademarks including, but not limited to, WORLD LEADER IN TREND FORECASTING, U.S. Reg. No. 1,691,005 for Class 35 “business consultation services featuring global information-gathering services in the field of business and current events,” registered in 1992 identifying May 11, 1990 as a date of first use and TREND ALERT, U.S. Reg. No. 1,776,491 for the same services registered in 1993 identifying June 9, 1992 as a date of first use and GERALD CELENTE’S TREND ALERT, Serial No. 85/566,942 for similar goods and services. All of Plaintiffs’ trademarks capitalize on Mr. Celente’s name and reputation in the marketplace for his forecast and trend analysis.

**B. Blog Defendants' Unauthorized Use of the GERALD CELENTE Trademark and Mr. Celente's Likeness**

27. Blog Defendants operate Internet blogs identified as <geraldcelente-blog.blogspot.com>, <geraldcelente-blog.blogspot.ca>, <geraldcelente-blog.blogspot.co.uk>, and <geraldcelentechannel.blogspot.com> (the "Infringing Blogs"). Each of the Infringing Blogs use the GERALD CELENTE mark in the domain name without Mr. Celente's authorization.

28. Upon information and belief, Blog Defendants are sophisticated bloggers who use the GERALD CELENTE mark in the domain name and on the blogs, among other ways, to solicit advertisers, advertising sales, and readers to visit the Infringing Blogs and to falsely imply that Plaintiffs are affiliated with, associated with or have endorsed the Infringing Blogs.

**i. The Unauthorized Use On <geraldcelente-blog.blogspot.com>**

29. Upon information and belief, commencing on or around December 8, 2010, John Does who operate the <geraldcelente-blog.blogspot.com> infringe the GERALD CELENTE mark in several ways. First, the GERALD CELENTE mark is wholly encompassed in the domain name. (See Fig. 1.)

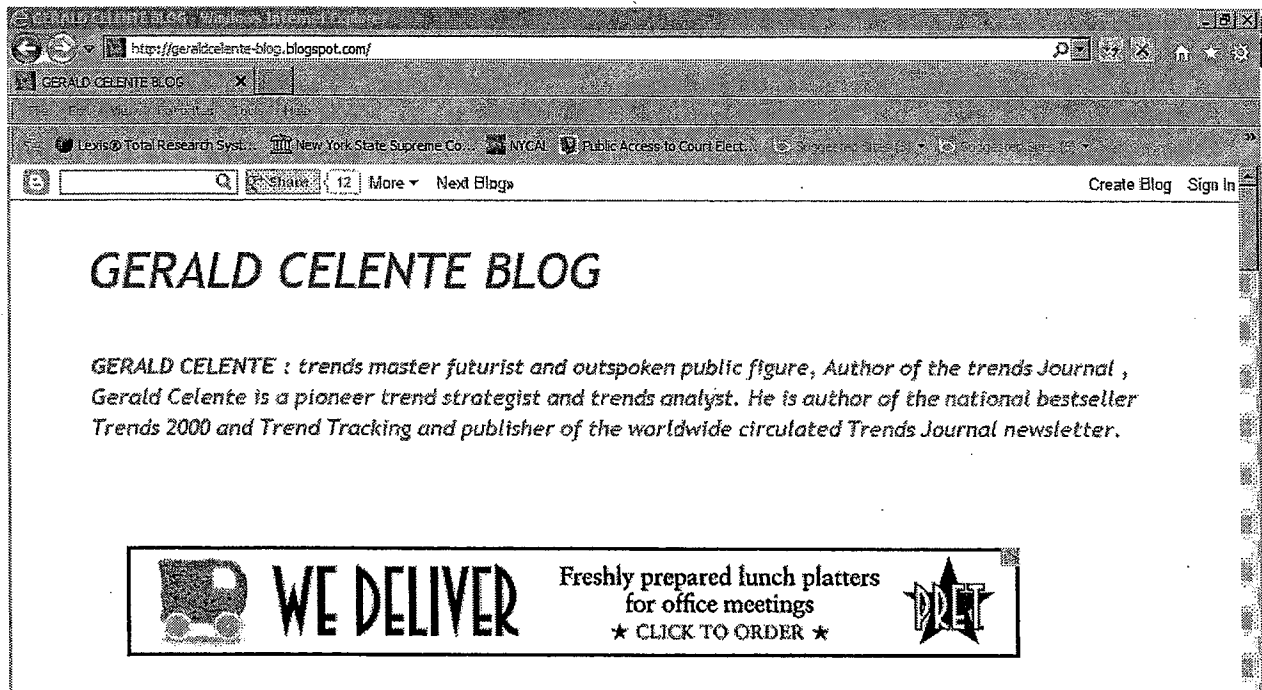

**Figure 1**

30. Second, the GERALD CELENTE mark is prominently displayed on the homepage of the blog. A true and correct copy of the printouts from <geraldcelente-blog.blogspot.com> are annexed hereto as Exhibit A. A screenshot of the blog appears as follows:

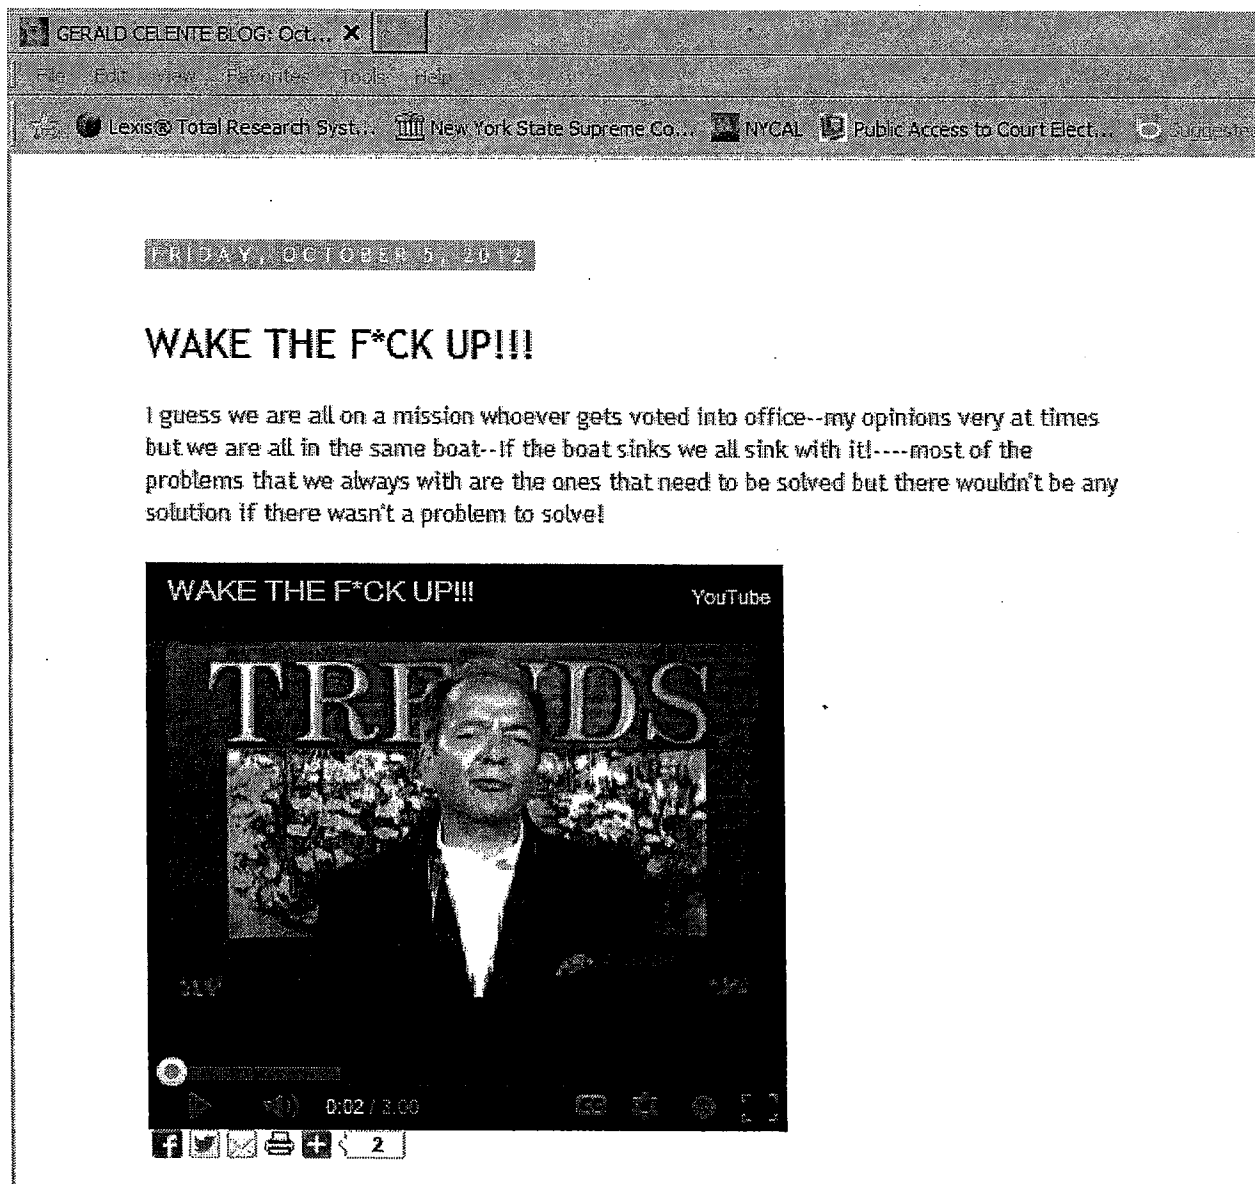

**Figure 2**

31. John Does who operate <geraldcelente-blog.blogspot.com> also, without authorization, display a photograph of Mr. Celente in the navigation bar of the blog (see Fig. 1), the tab and in numerous video clips of Mr. Celente contained in the content of the blog from Mr. Celente's recent media appearances. (See Figs. 2 and 3.)

[CONTINUED ON NEXT PAGE]

**Figure 3**

32. As **Figures 1, 2 and 3** reflect, John Does attempt to impersonate Mr. Celente and capitalize on the goodwill associated with the GERALD CELENTE mark.

33. And as reflected in **Figure 3**, the content of the blog gives the reader the false impression that Mr. Celente made the illicit statement “WAKE THE F\*CK UP!!!” This is just one of many inflammatory posts that is not a true reflection of Mr. Celente’s views.

34. John Doe's intent to impersonate Mr. Celente is further apparent from the prominent statement on the homepage: "**GERALD CELENTE**: trends master futurist and outspoken public figure, Author of the trends [sic] Journal, Gerald Celente is a pioneer trend strategist and trends analyst. He is author of the national bestseller Trends 2000 and Trend Tracking and publisher of the worldwide circulated Trends Journal newsletter." (See Fig. 2.)

35. Therefore, even experienced Internet users could be fooled into thinking that the blog located at <geraldcelente-blog.blogspot.com> and its contents are associated and sponsored by Mr. Celente when in fact it is maintained by bloggers who seek to impersonate Mr. Celente and to unfairly trade on Mr. Celente's name, likeness and trademark.

ii. **Unauthorized Use On <geraldcelente-blog.blogspot.ca>**

36. Upon information and belief, commencing on or around December 8, 2010, John Does who operate the <geraldcelente-blog.blogspot.ca> infringe the GERALD CELENTE mark in several ways. First, the GERALD CELENTE mark is wholly encompassed in the domain name.

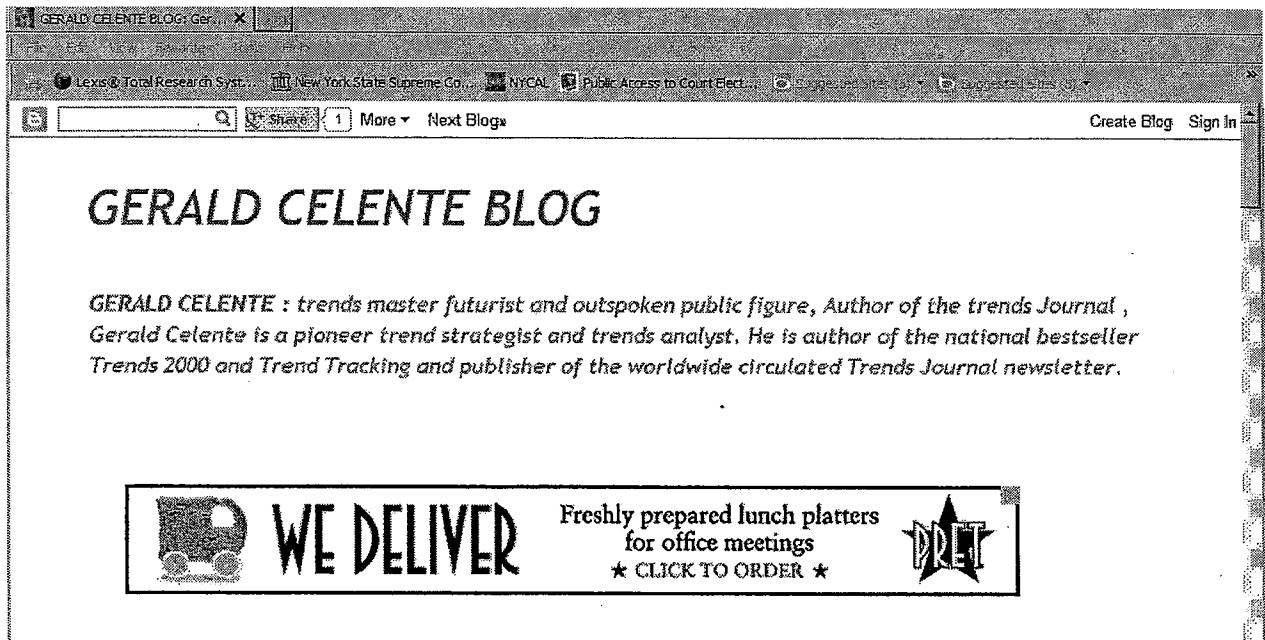

**Figure 4**

## Gold Up, Dow up, Oil Up, Only Thing DOWN is OBAMA Romney Obama Debate

The Jobless Claims Report is NOT Accurate , What about the fact that a lot of people that are jobless stopped looking. The government is full of BS. They're going to make up anything thing to surreptitiously ameliorate this National economic ebb just like they print money that's backed only by further debt. We need a new government - a new system.

39. As **Figures 4, 5 and 6** reflect, Blog Defendants attempt to impersonate Mr. Celente and capitalize on the goodwill associated with the GERALD CELENTE mark.

40. As reflected in **Figure 6**, the content of the blog gives an Internet consumer the false impression that Mr. Celente made the statement “The government is full of BS. They’re going to make up anything to surreptitiously ameliorate this National economic ebb ...” This is just one of many inflammatory posts that is not a true reflection of Mr. Celente’s views.

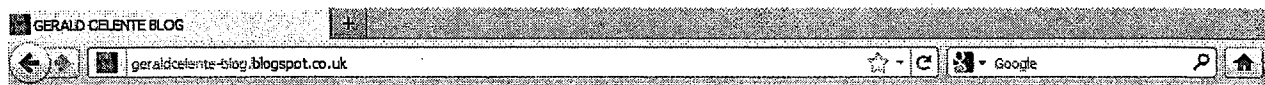

41. John Doe's intent to impersonate Mr. Celente is further apparent from the prominent statement on the homepage: "**GERALD CELENTE**: trends master futurist and outspoken public figure, Author of the trends [sic] Journal, Gerald Celente is a pioneer trend strategist and trends analyst. He is author of the national bestseller Trends 2000 and Trend Tracking and publisher of the worldwide circulated Trends Journal newsletter." (See Fig. 5)

42. Therefore, even experienced Internet consumers could be fooled into thinking that the blog located at <geraldcelente-blog.blogspot.ca> and its contents are associated and sponsored by Mr. Celente when in fact it is maintained by bloggers who seek to impersonate Mr. Celente and to unfairly trade on Mr. Celente's name, likeness and trademark.

**iii. Unauthorized Use On <geraldcelente-blog.blogspot.co.uk>**

43. Upon information and belief, commencing on or around December 8, 2010, John Does who operate <geraldcelente-blog.blogspot.co.uk> infringe the GERALD CELENTE mark in several ways. First, the GERALD CELENTE mark is wholly encompassed in the domain name.

## Gerald Celente From Vancouver Canada on Money and Wealth - October 20,2012

Gerald Celente From Vancouver Canada on Money and Wealth - October 20,2012 According to the free coinage act of 1792, anyone who debases the nation's coinage is subject to the death penalty. Down with the fed, IMF and world bank. THEY committed treason by violating this act and the constitution (only congress can coin money). We're being good citizens by getting rid of them, by any means necessary..

46. As Figures 7, 8 and 9 reflect, these Blog Defendants attempt to impersonate Mr. Celente and capitalize on the goodwill associated with the GERALD CELENTE mark.

47. As reflected in Figure 8, the content of the blog gives an Internet consumer the false impression that Mr. Celente made the statement "Down with the fed, IMF and world bank. THEY committed treason by violating this act and the constitution (only Congress can coin

money). We're being good citizens by getting rid of them, by any means necessary . ." This is just one of many inflammatory posts that is not a true reflection of Mr. Celente's views.

48. John Does intent to impersonate Mr. Celente is further apparent from the prominent statement on the homepage: "**GERALD CELENTE**: trends master futurist and outspoken public figure, Author of the trends [sic] Journal, Gerald Celente is a pioneer trend strategist and trends analyst. He is author of the national bestseller Trends 2000 and Trend Tracking and publisher of the worldwide circulated Trénds Journal newsletter." (See Figure 8.) The prominent use of the GERALD CELENTE mark and references to Mr. Celente gives consumers the false impression that the blog is authentic and that content of the blog is sponsored or even written by Mr. Celente.

49. Therefore, even experienced Internet users could be fooled into thinking that the blog located at <geraldcelente-blog.blogspot.co.uk> and its contents are associated and sponsored by Mr. Celente when in fact it is maintained by bloggers who seek to impersonate Mr. Celente and to unfairly trade on Mr. Celente's name, likeness and trademark.

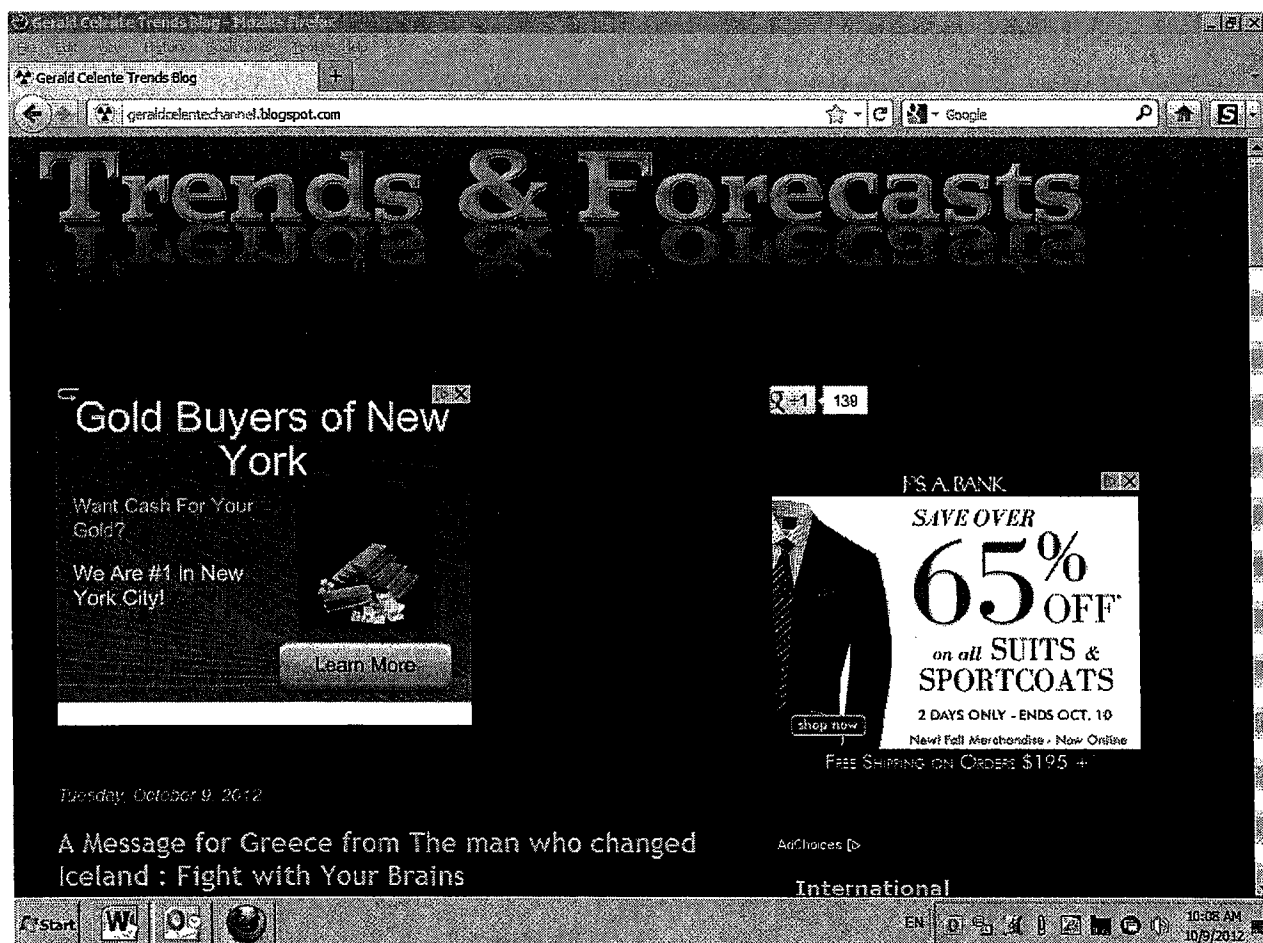

iv. **Unauthorized Use on <geraldcelentechannel.blogspot.com>**

50. Commencing in or around December 2010, long after Mr. Celente became a celebrity in the field of trend research, Defendant Chekroun adopted and commenced use of <geraldcelentechannel.blogspot.com> as a purported designation of origin with advertiser-supported web page content posted by Chekroun and transmitted in United States commerce on his Infringing Blog which heads "TRENDS & FORECASTS."

51. The <geraldcelentechannel.blogspot.com> blog infringes Mr. Celente's trademark by using GERALD CELENTE as part of the domain name. The homepage of the <geraldcelentechannel.blogspot.com> also displays a banner "Trends & Forecasts" which is an

obvious attempt to trade upon the services that Mr. Celente provides under the renown GERALD CELENTE trademark as well as the TREND ALERT, GERALD CELENTE'S TREND ALERT, and WORLD LEADER IN TREND FORECASTING trademarks. Attached hereto as Exhibit D are true and correct printouts from <geraldcelentechannel.blogspot.com>. A screenshot of the blog appears as follows:

**Figure 10**

52. The contents of the Infringing Blogs appear, *inter alia*, calculated to harm Mr. Celente by suggesting that Mr. Celente is the source of certain offensive political and social

contents, including anti-Islamic and anti-Semitic statements. Representative examples of these posts are attached hereto as Exhibit E.

53. Most recently, the Infringing Blogs have gone as far as making statements about the Vatican being terrorists, Islamic extremism and the recent Libyan assassinations, leaving Mr. Celente fearing for his safety given the current political climate. (See Exhibit E and Figure 11.)

**Figure 11**

54. All of the Infringing Blogs post opinions on the very same subject matter that Mr. Celente is sought around the world to opine on. Recently, <geraldcelentechannel.blogspot.com> posted about the "The Great Euro Crash." This is precisely the type of forecasting that Mr. Celente is sought to opine on and has predicted in the past. Indeed, Mr. Celente is known for predicting the 1987 stock market crash and the recent real estate bubble bust.

**Figure 12**

55. The unauthorized use of the GERALD CELENTE trademark in the domain names for all of the Infringing Blogs, and on the Infringing Blogs' homepages, gives consumers the false and misleading impression that these blogs are genuine and authentic. Even an experienced Internet consumer could be fooled into thinking that the "Infringing Blogs" and the posting contained therein are sponsored and/or written by Mr. Celente.

56. Each of the Blog Defendants use the Infringing Blogs' domain name as a purported designation of origin with advertiser-supported web page content posted by them and transmitted in United States commerce on their respective Infringing Blogs.

57. Plaintiffs' business model depends upon his ability to maintain a well-respected and strong reputation in the marketplace. With each passing day, Mr. Celente's reputation is damaged by the Infringing Blogs. Mr. Celente has received numerous inquiries regarding the posts on these Infringing Blogs mistakenly attributing the sentiments expressed as those of Mr. Celente. The media has made inquiries as well.

58. For example, Mr. Celente received the following email from an Internet user concerning <geraldcelentechannel.blogspot.com>: "THIS IS JUST PLAIN NONSENSE, MORE CREDIBLE STUFF PLEASE."

59. Another Internet user sent an email that said: "enjoyed <http://geraldcelentechannel.blogspot.ca/> until found out it is a minefield of tracking cookies and other questionable crap."

60. Similarly, another Internet user, sent an email commenting:

This is just an opinion regarding GeraldCelenteChannel.blogspot.com -- whoever types/transcribes the notes preceding/following the videos needs to learn to spell and/or proofread. The unnecessary errors make the site appear .. well, less than intelligent. It is otherwise a valuable source of information and does not deserve the clerical embarrassment.

61. Attached as Exhibit F are true and correct copies of the emails received by Mr. Celente. As the above emails illustrate, Internet users are clearly confused about the source and sponsorship of the Infringing Blogs.

62. Likewise, there are scores of posts on the Infringing Blogs which indicate that readers mistakenly believe that the blogs are authored by Mr. Celente:

**rediron1 August 26, 2012 4:32 PM** "Gerald, Brother you are right on This USA isn't a Country it's a Corporation 1871 41<sup>st</sup> Congress Google it"

**Mike S August 27, 2012 8:33 PM** "Another great show Gerald. When people are unhappy enough they will flock to people who can help them understand what's really going on, and what to do about it, people like you."

**Ron, June 30, 2012 8:45 PM** "I LOVE YA GERALD, but you are WAY OFF BASE!!! I DON'T FOLLOW the so-called leaders, never have! Oh, and the First American Revolution started in Philadelphia, sorry."

**Anonymous, July 1, 2012 10:55 AM** "Mr.C is correctomundo! Peaceful NonCompliance...Do not buy, do not comply, do not fly...We MUST all work together for the good of our children, our grandkids..ourselves...The U.S. must return to Liberty..and in Switzerland ..the people go out into the streets and vote...for all legislation for their county...and they all have weapons to guard against tyranny and abuse against them. We allow law enforcement and the courts to abuse us through legal fiction...all fraud..Mr. C. is right."

**Anonymous, July 2, 2012 9:47 AM** "G.C. is right, there is no reason to vote for either political party when their both funded by the same wealthy Plutocrats. The Supreme Court has cancelled our voting power by approving Citizens United and Corporate Personhood, this in not the first time in our history over the past 130 years that this argument has been dragged out by the Capitalists. The only way to make this clear is for no real persons to vote, maybe the predetermined results that are presented on November 7th will then wake the sleeping sheep up to the reality of their Plutocracy masquerading as a Democracy or a Republic."

**Anonymous, June 19, 2012 3:14 PM** "keep your finger's crossed Mr Celente!"

**Anonymous, May 1, 2012 4:55 AM** "Celente for Presidente..... Why can't we have guys like this running the show???"

**Steve From Long Island, March 27, 2012 10:01 PM** "You and Alex missed amajor point in the slime Corzine Jp Morgan back and forth: Jp Morgan wanted MF Global to sign the letter JP Morgan drafted saying that the money wasn't coming from customer accounts. MF Global never signed the letter but JP Morgan took the money anyway. So they were so concerned about the customer accounts but grabbed the cash and kept it anyway. Now that's proof of two criminal enterprises and no one has been charged in JP Morgan either!"

**Anonymous, March 28, 2012 9:27 PM** "Gerald has flipped his lid a bit here in my opinion. He should reflect a bit on some of his rhetoric -- especially the bit about Auschwitz."

Attached as Exhibit G are true and correct printouts of these comments. These are just a few examples of readers who are under the mistaken belief that they are commenting on Mr. Celente's actual posts on a blog that originates from, sponsored by or otherwise affiliated with Mr. Celente.

**C. Infringing Conduct by Google**

63. Defendant, Google, Inc. is a multinational technology corporation renowned for its powerful search engine. Google also offers a wide-range of other Internet services and products including Internet hosting services as an Internet Service Provider (“ISP”).

64. An ISP is a company or organization that enables users to connect to its network. An Internet hosting service provides servers to subscribers and creators of content thereby allowing subscribers to transmit information, data, or other material to end-users that “surf” the Internet.

65. Upon information and belief, Google owns and operates Blogger.com (“Blogger”). Blogger is a blog-publishing service whereby users create, publish, and post “blog entries” available to the public via the Internet. Blog entries may consist of words, articles, music, photographs, video, and other related media content. Blogger serves as an easy means for Internet users to broadcast and share ideas, opinions, information, and media related content to a large Internet audience.

66. Upon information and belief, Google provides Internet hosting services to Blogger through a domain (also known as a child domain) of blogspot.com. A domain is a domain that is part of a larger domain name. For example, SecondCircuit.blogspot.com.

67. Thus, Google provides hosting services to Blogger, which in turn hosts the relevant bloggers’ content through a domain of blogspot.com. Upon information and belief, Google helps facilitate the circulation and transmission of infringing material on Blogger.com. Without the hosting services provided by Google, Blogger and the relevant bloggers would have no means of transmitting data to end-users. Thus, the ability of Blogger users to post content to the Internet owes entirely to the Internet hosting services provided by Google.

68. Upon information and belief, all “blogspot” are free and easy to create. In order to create a blogspot, a user must possess or create a Google account or a Google+ account (Google’s Social Networking platform, a competitor of Facebook.com). Once an aspiring blogger possesses a Google or Google+ account, it may create a blogspot simply by logging onto blogger.com and clicking a link titled: “New Blog”. Upon clicking this link, a user will be prompted to name the blog and create a unique domain name for the blog. Importantly, a user may submit any domain name it so chooses, so long as no other Blogger user has already created an identical blogspot domain name. All domain names contain the domain of blogspot.com. Thus, for example, if one wants to create a sports blog, then the blog could be titled SportsBlog.Blogspot.com—presuming this domain name is not already taken.

69. Unlike ordinary domain names that are purchased through Registrars such as GoDaddy, Register.Com or other network solutions, a blogspot or Blogger site can only be registered and created through Google. Unlike domains purchased through these Registrars, domains for these blogs are not subject to the Uniform Dispute Resolution Policy.

70. Blogger expressly provides the content boundaries for the blogspots that it hosts. Among other terms, the content boundaries set forth in Google’s Blogger Content Policy restricts “Impersonating others.” Specifically, Google provides “Please don’t mislead or confuse readers by pretending to represent an organization when you don’t. We’re not saying you can’t publish parody or satire – just avoid content that is likely to mislead readers about your true identity.” A true and correct copy of Google’s Blogger Content Policy is annexed hereto as Exhibit H. Upon information and belief, Google’s Blogger Content Policy does not impose restrictions on the use of trademarks owned by third parties.

71. eBay is an online marketplace that allows third parties to “auction” items to the general public. eBay has established set procedures and protocols that allow intellectual property owners, including trademark owners, to alert eBay of infringing items offered for sale on its website. Once a “Notice of Claimed Infringement” is received, eBay notifies the seller and deactivates the auction. A true and correct copy of eBay’s procedures and protocols is annexed hereto as Exhibit I.

72. Twitter is an online social networking website whereby users create accounts and transmit “Tweets” consisting of no more than 140 characters in length. Twitter is eminently similar to Blogger in that users can create any username not already in use and proceed to post information to the Internet—the only difference being that Twitter users are limited to 140 characters per post. Twitter maintains a thorough set of procedures and protocols that allow intellectual property owners, and specifically trademark owners, to alert Twitter of infringing uses. Upon proper notice, Twitter will permanently suspend an offending account and notify the account holder of its suspension. A true and correct copy of Twitter’s policy and procedures are annexed hereto as Exhibit J.

73. Similar to the way eBay and Twitter operate, Google provides a forum for bloggers to provide information to the general public. Unlike eBay and Twitter, however, Google does not maintain effective policies or procedures to redress complaints from trademark owners and/or impersonation claims.

74. Upon information and belief, Google, through Blogger’s Content Policy, advises users and/or visitors to report abuses of its Content Policy. Google explains in pertinent part, “If we find that a blog does violate our content policies, we take one or more of the following

actions based on the severity of the violation ... delete the blog, delete the author's access to [his/her account], and/or report the user to law enforcement.”

75. Mr. Celente has followed the instructions of Google's Content Policy to no avail. Mr. Celente has reported the relevant infringing activity and the wrongful impersonations to Google. Google has repeatedly refused to deactivate the blogs and has failed to respond appropriately.

76. As the ISP provider and Internet host, Google has been repeatedly placed on written notice of the Infringing Blogs, the unauthorized use of the GERALD CELENTE mark by the Blog Defendants and the impersonations. Despite such repeated notices of claimed infringement, upon information and belief, Google has failed to take any measures to limit, curtail, disable, stop or otherwise discontinue the relevant Infringing Blogs or the services provided which make such infringing activity possible. This is despite constructive and actual knowledge that infringing content is proliferating on the Infringing Blogs hosted by it.

**D. “Pay Per Click” Advertising On The Infringing Blogs**

77. “Pay per click” advertising is an Internet advertising model used to direct traffic to websites, where advertisers pay the publisher (typically the website owner) when the advertisement is clicked.

78. The “pay per click” advertising model is used with banner ads, which are small rectangular advertisements that appear on Web pages and vary considerably in appearance and subject matter. These banner ads serve one function: once the user clicks on the banner ad the Internet browser sends the user to the advertiser's website. At such point, the website owner from which the “click through” emanated is entitled to a fee from the advertiser.

79. The Infringing Blogs each contain multiple “pay per click” banner advertisements on their sites which change as the user selects different posts on the Infringing Blogs. (See Figs. 2, 5, 8 and 10.)

80. As a result, upon information and belief, Blog Defendants generate substantial revenue and profit from this “pay per click” advertising on the Infringing Blogs, all at the cost of Mr. Celente’s reputation and goodwill and irreparable harm to the GERALD CELENTE mark.

**FIRST CLAIM**  
**(Lanham Act Unfair Competition, 15 U.S.C. § 1125(a))**  
**(Against the Blog Defendants)**

81. Plaintiffs hereby repeat and reallege paragraphs 1 through 80 of the Complaint as if fully set forth herein.

82. Mr. Celente owns all rights, title and interest in and to the GERALD CELENTE mark.

83. Mr. Celente has used the GERALD CELENTE mark in commerce since at least as early as 1981. Through his continuous use of the GERALD CELENTE mark within this judicial district and the United States generally, Mr. Celente has developed strong common law rights in the GERALD CELENTE mark that extend nationwide and include this judicial district.

84. Blog Defendants’ conduct as alleged herein is likely to cause confusion or to deceive users and consumers as to the origin, sponsorship, affiliation, connection and/or association of Mr. Celente and/or his GERALD CELENTE mark.

85. Mr. Celente does not now and has never sponsored or approved or authorized Blog Defendants’ use of the GERALD CELENTE mark.

86. Upon information and belief, Blog Defendants' conduct is willful and deliberate and done with the intent to unfairly commercially benefit from the consumer confusion between the domain name of the Infringing Blogs and Mr. Celente's GERALD CELENTE mark.

87. Blog Defendants' unfair competition has caused and is causing great and irreparable harm and damage to Plaintiffs, and unless permanently restrained and enjoined by this Court, such irreparable harm will continue.

88. As a direct and proximate result of Blog Defendants' actions as stated herein, Mr. Celente has suffered significant emotional distress, damage to his reputation, and damage to the goodwill of his mark.

**SECOND CLAIM**  
**(Contributory Unfair Competition)**  
**(Against Google)**

89. Plaintiffs hereby repeats and realleges paragraphs 1 through 80 of the Complaint as if fully set forth herein.

90. The Infringing Blogs are engaging in infringing conduct including but not limited to the use of the GERALD CELENTE mark in violation of the Lanham Act.

91. Google has actual knowledge of the Infringing Blogs' illegal activities from, among other things, numerous written notifications by counsel and agents for Plaintiffs.

92. Google has deliberately disregarded these notifications and has otherwise consciously avoided learning about the full extent of the infringing activity that is continuing on the Infringing Blogs.

93. Google has materially encouraged, enabled, and contributed to the Infringing Blogs by hosting the Infringing Blogs and facilitating the sale of advertisements on the

Infringing Blogs and communications by and between the Blog Defendants and those who post on the Infringing Blogs.

94. Google therefore bears contributory liability for the Infringing Blogs use of GERALD CELENTE mark in violation of 15 U.S.C. § 1125(a) and the common law.

95. The acts of Google have caused and are causing great and irreparable harm and damage to Plaintiff, and unless permanently restrained and enjoined by this Court, such irreparable harm will continue.

96. As a direct and proximate result of Google's actions as stated herein, Mr. Celente has suffered significant emotional distress, damage to his reputation, and damage to the goodwill of his mark. Further, Plaintiffs are entitled to exemplary damages as a result of Defendant's malicious actions as described above.

**THIRD CLAIM**  
**(Vicarious Unfair Competition)**  
**(Against Google)**

97. Plaintiffs hereby repeat and reallege paragraphs 1 through 80 of the Complaint as if fully set forth herein.

98. The use of the GERALD CELENTE mark by the Blog Defendants and the sale of advertisements on these sites has generated considerable sums of monies for the Blog Defendants.

99. Despite Google's duty and right to control the Infringing Blogs, it has taken no steps to stop or otherwise prevent the ongoing infringement on the Infringing Blogs operated by Google or to deactivate the blogs themselves or the links directing its users to such blogs.

100. Google is therefore vicariously liable for the damage caused to Plaintiffs as a result of the unlawful use of the GERALD CELENTE mark on the Infringing Blogs in violation of 15 U.S.C. § 1125(a) and the common law.

101. Plaintiffs have sustained damages as a result of Google's wrongful vicarious conduct in an amount to be determined at trial.

102. The acts of Google have caused and are causing great and irreparable harm and damage to Plaintiff, and unless permanently restrained and enjoined by this Court, such irreparable harm will continue.

103. As a direct and proximate result of actions as stated herein, Mr. Celente has suffered significant emotional distress, damage to his reputation, and damage to the goodwill of his mark. Further, Plaintiffs are entitled to exemplary damages as a result of Google's actions as described above.

**FOURTH CLAIM**  
**(Violation of AntiCybersquatting Consumer Protection Act, 15 U.S.C. § 1125(d))**  
**(Against Blog Defendants)**

104. Plaintiffs hereby repeat and reallege paragraphs 1 through 80 of the Complaint as if fully set forth herein.

105. Mr. Celente owns all rights, title and interest in and to the GERALD CELENTE mark.

106. Upon information and belief, Blog Defendants are the registered and authorized licensee of the Infringing Blogs domain names which use the GERALD CELENTE mark or a confusingly similar mark.

107. Upon information and belief, Blog Defendants registered the Infringing Blogs with the intent to post malicious and false statements that create the false impression that the Infringing Blogs are sponsored by or affiliated with Mr. Celente.

108. Blog Defendants also registered the Infringing Blogs with the bad faith intent to capitalize on Plaintiffs' goodwill, divert the public away from Plaintiffs' authorized website to Blog Defendants' blogs, and profit from the pay-per-click advertisements on the Infringing Blogs.

109. Upon information and belief, Blog Defendants committed these acts alleged herein willfully and with the intent to confuse the public and to injure Plaintiffs.

110. The acts of Blog Defendants have caused and are causing great and irreparable harm and damage to Plaintiffs, and unless permanently restrained and enjoined by this Court, such irreparable harm will continue.

111. As a direct and proximate result of Blog Defendants' actions as stated herein, Mr. Celente has suffered significant emotional distress, damage to his reputation, and damage to the goodwill of his mark. Further, Plaintiffs are entitled to exemplary damages as a result of Defendant's malicious actions as described above.

**FIFTH CLAIM**  
**(Common Law Unfair Competition)**  
**(Against Blog Defendants)**

112. Plaintiffs hereby repeat and reallege paragraphs 1 through 80 of the Complaint as if fully set forth herein.

113. Plaintiffs have expended substantial time, resources and effort to develop and obtain a strong reputation in the marketplace and enormous goodwill in the GERALD CELENTE mark.

114. Blog Defendants have misappropriated the GERALD CELENTE mark in the domain name of the Infringing Blogs and on the blogs and is creating the false impression that the use of the GERALD CELENTE mark is sanctioned or otherwise authorized by Mr. Celente. Blog Defendants' unlawful acts are intended to capitalize on Plaintiffs' goodwill for Blog Defendants' own pecuniary gain.

115. Blog Defendants' use of the GERALD CELENTE mark is calculated to and is likely to create confusion and to deceive and mislead consumers into believing that the Infringing Blogs originated with or are authorized by Mr. Celente, and has caused and is likely to cause confusion as to the source of the content of the Infringing Blogs, all to the detriment of Plaintiffs.

116. Blog Defendants' acts as alleged herein constitute unfair competition and will, unless enjoined by the Court, continue to result in the destruction and/or diversion of Mr. Celente's goodwill in his GERALD CELENTE mark.

117. Upon information and belief, Blog Defendants committed the acts alleged herein willfully and with the intent to confuse the public and to injure Plaintiffs.

118. The acts of the Blog Defendants have caused and are causing great and irreparable harm and damage to Plaintiffs, and unless permanently restrained and enjoined by this Court, such irreparable harm will continue.

119. As a direct and proximate result of Blog Defendants' actions as stated herein, Mr. Celente has suffered significant emotional distress, damage to his reputation, and damage to the goodwill of his mark. Further, Plaintiffs are entitled to exemplary damages as a result of Defendant's malicious actions as described above.

124. Additionally, Defendants' use of Mr. Celente's name and likeness in the manner described herein is forbidden and/or unlawful pursuant to Section 50 of New York Civil Rights Law.

125. Mr. Celente therefore demands exemplary damages under Section 51 of New York Civil Rights Law.

126. Furthermore, Section 51 of the New York Civil Rights Law provides a right to injunctive relief to restrain the unauthorized use of a person's name for purposes of advertising or trade purposes within New York State.

127. The acts of the Blog Defendants have caused and are causing great and irreparable harm and damage to Mr. Celente, and unless permanently restrained and enjoined by this Court, such irreparable harm will continue.

It is the idea that no matter who you are or how much money you have, you have equal rights and protections under the rule of law. Social class and ambition were reviled by early Americans.

## There Are No Nations ~ There Are Only Plantations & Corporations

The World is a college of corporations , The World is a Business , Comprehending the beast with which you are dealing: The Court is the synagogue, enforcing Babylonian Talmudic Noahide Law and the Laws of Shetar, which are admiralty commercial banking laws on the high seas. The gate (or bar) is the veil -- {one enters to give sacrifice}. The bench is Latin for Banco and it is an altar of your sacrifice. The Black Robed gods (the judge, administrative magistrate) are the high priest. -- {vicarius dei}. The Attorney [from Latin, attorn = to twist or turn] is the mediator. -- {vicarius filli dei}. The attorney's job is to move one into Roman 'Civil Law' Jurisdiction and then quickly into Code and Rule Pleadings (Babylonian Law). The bailiffs, clerks, and stenographers are the high priest servants [They are there to accept and make record/journal of the sacrifice.] If one enters the veil, one is there (and is expected) to give sacrifices. The fine is the wave offering; given to escape the threat of punishment. The court cost is the heave (tribute or gift) offering. If you enter voluntarily, then just give your sacrifices and be good subjects/slaves and stop wasting the Court's time. If you hire an attorney then you have volunteered, as sheople to be lead to slaughter and you will get what you deserve, believe me! There is no justice in their courts for those are not willing to "come out of her."

## This is a Plantation Economy expect Economic Martial Law

American will explode into "economic martial law," Gerald Celente said in a recent interview with Rt America : America is being fed the hope of a recovery; it's all a "lie," He explained "It's food stamp employees. Oh, there were jobs created in retail," "You know, those wonderful jobs where you take people's money and say, 'Have a nice day'. And there were jobs in hospitality. That's another word for cleaning up somebody's room. Oh, and there were jobs in healthcare. You know, working in nursing homes, making \$62.50 a week by the time after taxes. You know, so these aren't real jobs. This is a plantation economy."

## Tariq Ramadan : The Killing of The US ambassador to Libya has Noting to do with the Anti-Islam Film

We fund al Quaeda (terrorists) to bring down stable governments in Libya and Syria, while our government says the TSA needs to strip search and radiate us at home to stop "terrorists". I think the real "terrorists" reside in the white house and the halls of congress. I'm sick of our lying corrupt government which is destroying America and doing great harm to the human race. Now that the supporting the whole idea of "liberating the people from the evil Assad" has failed. They are just going to do straight up hatred of Muslims, and justify intervention through other means..... Hey it worked in the build up to Iraq and Afghanistan, why can't it work again, is what they're thinking.

I would love to know how much they paid this mob? Probably some of the "FSA", AKA the CIA created Al Quaida which they've been funding for the last few months

The CIA created the The Database (Al Quaida) from the Mujahideen in 1979 to stop the Russians, not just over the last few months

## Illuminati And Satanism

Vatican-Globalists-International bankers-Our Leaders (Luciferian ) through secret societies, organized religions are the terrorists creating war to install central banks controlling money with INTEREST, Debt equals slavery. Same few men rule since Egypt to Rome to British Empire 2 now American Empire (1913 Fed Reserve) through private central banking system seeking global enslavement via the WORLD Bank, One World Luciferian Government - Enslavement - tyranny.

The secret is to the 33rd degree of Freemasonry is that you learn that "Lucifer is God, and that sadly, Adonay is also God (An evil one)" It is all lies and part of the Luciferian agenda to deceive the masses. The 5% of masons who are of the 33rd degree literally lie to the lower degree Masons about who God is and what you learn at the 33rd degree, but it's all lies and part of Satan's agenda.

He's exactly right at 1 hour. They are in different dimensions and they are demonic. They are jinn. They defy these laws because they don't abide by them. Their physical appearance can be almost anything. They can shape shift. They are made of smokeless fire. Research what I've said.

Lucifer always wanted to be God, in the 1st earth age Lucifer who worked his way to being the protector of the Mercy Seat of God convinced 1/3 of Gods Children to join him to overthrow God thats when Father ended that 1st earth age not wanting to kill His Children He Created He Killed the age. 2nd earthage God renewed the earth 6th day He Created man n woman all the races to be hunters n fishers n it was Good. Resting on the 7th day. 8th day God formed Adam n Eve be farmers n would be thru their lineage would come Jesus. Satan knowing this is why in the Garden satan Beguiled (wholly seduced )both Adam n Eve. Read Gen 3:13,14,15 God Talking to the serpent putting enmity between thy seed n her seed it shall bruise thy head n tho shalt bruise His heel(nailing Jesus on the cross). Cain Eves firstborn father wasn't Adam it was satan after slaying his brother Abel when to land of Nod found his wife(from 6th day creation)Kenites hebrew word meaning children of Cain. Satan Luccifer the drvil what ever name you want to call him always wanted be God, his chance is coming soon for on the 6th trump satan gets booted out of heaven coming to the earth with his deamon angels appearing in Jerusalem claiming hes Jesus he;ll be very convincing n most will worship him except those with the seal of God in their minds The Truth for our Real Lord Jesus comes at the 7th trump will you be deceived? Pastor Murray Shepherds Chapel teaches Fathers Word chapter by chapter verse by verse you won't believe how much of Fathers Word Truth that you were never taught..

Funny you should say that, as Paul in 2.Cor.11:3 confirms the straight forward interpretation of Gen.3:1, that the serpent was a created creature with the power of speach and natural amoral/animal reasoning, and solely responsible for its actions. Clearly why God did not ask it to give an account in Gen.3:13-14.

Cast off your presuppositions, and read the words for what they say - start to finish....

Then you may grasp Jesus' words in John.8:44, and the symbology of Rev.12:1-9, and what actually was destroyed on the cross of Christ John.3:14 & Heb.2:14.

I keep seeing references to Lucifer here and there, while according to Bible.cc, there's only ONE reference to Lucifer in the whole Bible (Isaiah 14:12) and is most of the times translated as Morning Star, Shinning Star, etc.

Now if we look up Morning Star, we find out that in Revelation 22:16, Jesus identifies himself as being the Morning Star !!!

Lucifer from the Hebrew Bible:

<http://concordances.org/hebrew/1966.htm>

<http://topicalbible.org/m/morning-star.htm>

Should I be confused ?

60. Did I not command for you, O Children of Adam, that you should not worship Shaitân (Satan). Verily, he is a plain enemy to you.

61. And that you should worship Me [Allah alone — Islâmîc Monotheism, and set up not rivals, associate-gods with Me]. That is the Straight Path.

62. And indeed he (Satan) did lead astray a great multitude of you. Did you not, then, understand?

Folks - this is just plain silly, Lucifer is not a name for a fallen angel. Read Isaiah 13 & 14 in context, without your theological or cultural glasses/biases on. The Hebrew term literally refers to the 'morning star', which was the planet Venus, the brightest planet often seen justy before sunrise.

The context exclusively refers to the King of Babylon, who was Israel's oppressor, and who God says would be thrown down and declared to be a man, and nothing more. All the rest of the common interpretation are just medieval immaginations disguised as 'theology'. In other words, superstitious thoughts from the ignorant - professors of religion.

**Gerald Celente** interviewed for the first time by the financial survival network with Kerry Lutz ( 23rd August 2012 : " ..The Afghan war a losing battle and now the people that we are training are killing our soldiers and hardly a peak ( on main stream media ) and all these politicians out there the Romney's the Ryan's the Obama's the Biden's nobody is saying cut back on the military , you want to balance the budget , hey how about trying that one , let me get this really straight the United States military has not won a major battle since World War II , and they always make excuse on why they lose , I tell you why they lose because they got a bunch of losers running the show ...and there are a buch of psychopaths and politicians who keep sending our men and women to get killed .....

So is Australia and many other countries, it all stems around being a member of the IMF. Yes the "Banksters" that run the world, makes you wonder who is running our Governments. Corporations and "maritime" law, I love Gerald's passion if only the every day "Joe bloe's" listened and took the message. This affects the whole world not just the USA.

Another great show Gerald. When people are unhappy enough they will flock to people who can help them understand what's really going on, and what to do about it, people like you.

## Gerald Celente : The People are as Responsible as their Leaders

**Gerald Celente** - Earnest Hancock - June 29, 2012 : Celente just bought an old building in Kingston New York where supposedly the first American revolution started its roots , he says that now it is the time for the second American revolution , his campaign logo for these coming elections is 'stay home don't vote' , and that we shouldn't blame always the leaders for our ills , we should blame ourselves first , for voting them and for letting them running our lives , you should become your own leaders do not wait for anyone to do anything for you , the change never comes from the top

Mr.C is correctomundo! Peaceful NonCompliance...Do not buy, do not comply, do not fly...We MUST all work together for the good of our children, our grandkids..ourselves...The U.S. must return to Liberty..and in Switzerland ..the people go out into the streets and vote...for all legislation for their county...and they all have weapons to guard against tyranny and abuse against them. We allow law enforcement and the courts to abuse us through legal fiction...all fraud..Mr. C. is right.

So having Obama back in the White House for another four years isn't going to change things? Sorry, I'm voting in Nov, I'm too poor and too old to survive Obama V2.0 when he is no longer constrained by worries of being re-elected.

G.C. is right, there is no reason to vote for either political party when their both funded by the same wealthy Plutocrats. The Supreme Court has cancelled our voting power by approving Citizens United and Corporate Personhood, this in not the first time in our history over the past 130 years that this argument has been dragged out by the Capitalists. The only way to make this clear is for no real persons to vote, maybe the predetermined results that are presented on November 7th will then wake the sleeping sheep up to the reality of their Plutocracy masquerading as a Democracy or a Republic.

The problem with America, is that WE THE PEOPLE are very broken.  
  
A strong, moral, organized people would not tolerate a fraction of the garbage that is America today.

WE THE PEOPLE are BROKEN.

The ship is going down. America is finished.

That, ladies and gentlemen, is where it's at.

I disagree; NOW we are awake. We can fight back. Knowledge is power. We do not have to be groped at the airports. We attend town meetings.....MOST OF ALL.....PAY ATTENTION LISTEN, READ, UNDERSTAND AND THEN STAND UP FOR YOUR RIGHTS.

Iran has promised it will wipe out Israel when it gets the bomb. Their leadership is composed of religious nutcases and zealots. An armed Iran is dangerous to everyone in the region, especially Saudi Arabia.

The nuclear bomb is NOT for attacking but every nation has it because it's defense capabilities. If a nation has a nuclear bomb it will NOT be attacked by others. Iran needs the bomb because it want to survive. Without it Israel+Usa will attack Iran just as they did with other middleast countries.

## Gerald Celente on The Alex Jones Show 26 March 2012

Gerald Celente on The Alex Jones Show 26 March 2012 : Corzine Directly Ordered Transfer of Stolen Customer Funds says Gerald Celente Reports . A Federal Government that will not enforce laws for serious crimes..... Does it follow that Laws they pass are Invalid? Jon Corzine being a free man is proof of corruption at the highest levels of Government, if it can be called a Government. . Gerald Celente calls on to Americans to not vote for the lesser of two evils anymore and to boycott the coming elections plain and simple

**Steve From Long Island** March 27, 2012 10:01 PM

You and Alex missed a major point in the slime Corzine Jp Morgan back and forth: Jp Morgan wanted MF Global to sign the letter JP Morgan drafted saying that the money wasn't coming from customer accounts. MF Global never signed the letter but JP Morgan took the money anyway. So they were so concerned about the customer accounts but grabbed the cash and kept it anyway.

Now that's proof of two criminal enterprises and no one has been charged in JP Morgan either!

Gerald has flipped his lid a bit here in my opinion. He should reflect a bit on some of his rhetoric -- especially the bit about Auschwitz.

## Blogger Content Policy

Language: 

Blogger is a free service for communication, self-expression and freedom of speech. We believe Blogger increases the availability of information, encourages healthy debate, and makes possible new connections between people.

We respect our users' ownership of and responsibility for the content they choose to share. It is our belief that censoring this content is contrary to a service that bases itself on freedom of expression.

In order to uphold these values, we need to curb abuses that threaten our ability to provide this service and the freedom of expression it encourages. As a result, there are some boundaries on the type of content that can be hosted with Blogger. The boundaries we've defined are those that both comply with legal requirements and that serve to enhance the service as a whole.

### Content Boundaries

Our content policies play an important role in maintaining a positive experience for you, the users. Please respect these guidelines. From time to time, we may change our content policies so please check back here. Also, please note that when applying the policies below, we may make exceptions based on artistic, educational, documentary, or scientific considerations or where there are other substantial benefits to the public from not taking action on the content.

**Adult Content:** We do allow adult content on Blogger, including images or videos that contain nudity or sexual activity. But, please mark your blog as 'adult' in your Blogger settings. Otherwise, we may put it behind a 'mature content' interstitial.

There are some exceptions to our adult content policy:

- Do not use Blogger as a way to make money on adult content. For example, don't create blogs where a significant percentage of the content is ads or links to commercial porn sites.
- No incest or bestiality content: We do not allow image, video or text content that depicts or encourages incest or bestiality.

**Child safety:** We have a zero tolerance policy towards content that exploits children. Some examples of this include:

- **Child pornography:** We will terminate the accounts of any user we find publishing or distributing child pornography. We will also report that user to law enforcement.
- **Pedophilia:** We do not allow content that encourages or promotes sexual attraction towards children. For example, do not create blogs with galleries of images of children where the collection of images or text accompanying the images is sexually suggestive.

**Hate Speech:** We want you to use Blogger to express your opinions, even very controversial ones. But, don't cross the line by publishing hate speech. By this, we mean content that

promotes hate or violence towards groups based on race, ethnicity, religion, disability, gender, age, veteran status, or sexual orientation/gender identity. For example, don't write a blog saying that members of Race X are criminals or advocating violence against followers of Religion Y.

**Crude Content:** Don't post content just to be shocking or graphic. For example, collections of close-up images of gunshot wounds or accident scenes without additional context or commentary would violate this policy.

**Violence:** Don't threaten other people on your blog. For example, don't post death threats against another person or group of people and don't post content encouraging your readers to take violent action against another person or group of people.

**Copyright:** It is our policy to respond to clear notices of alleged copyright infringement. More information about our copyright procedures can be found [here](#). Also, please don't provide links to sites where your readers can obtain unauthorized downloads of other people's content.

**Personal and confidential information:** It's not ok to publish another person's personal and confidential information. For example, don't post someone else's credit card numbers, Social Security numbers, unlisted phone numbers, and driver's license numbers. Also, please keep in mind that in most cases, information that is already available elsewhere on the Internet or in public records is not considered to be private or confidential under our policies.

**Impersonating others:** Please don't mislead or confuse readers by pretending to be someone else or pretending to represent an organization when you don't. We're not saying you can't publish parody or satire - just avoid content that is likely to mislead readers about your true identity.

**Illegal activities:** Don't use Blogger to engage in illegal activities or to promote dangerous and illegal activities. For example, don't author a blog encouraging people to drink and drive. Otherwise, we may delete your content. Also, in serious cases such as those involving the abuse of children, we may report you to the appropriate authorities.

**Spam:** Spam takes several forms in Blogger, all of which can result in deletion of your account or blog. Some examples include creating blogs designed to drive traffic to your site or to move it up in search listings, posting comments on other people's blogs just to promote your site or product, and scraping existing content from other sources for the primary purpose of generating revenue or other personal gains.

**Malware and viruses:** Do not create blogs that transmit viruses, cause pop-ups, attempt to install software without the reader's consent, or otherwise impact readers with malicious code. This is strictly forbidden on Blogger.

## Enforcement of Blogger's Content Policy

If you encounter a blog that you believe violates our content policies, please report it to us using the 'Report Abuse' link located at the top of each blog under the 'More' dropdown (Note: If the blog owner has hidden this link, you can still Report Abuse [here](#)).

Our team reviews these flags for policy violations. If the blog does not violate our policies, we will not take any action against the blog or blog owner. If we find that a blog does violate our content

policies, we take one or more of the following actions based on the severity of the violation:

- Put the blog behind a 'mature content' interstitial
- Put the blog behind an interstitial where only the blog author can access the content
- Delete the offending content, blog post or blog
- Disable the author's access to his/her Blogger account
- Disable the author's access to his/her Google account
- Report the user to law enforcement

## Reporting intellectual property infringements (VeRO)

### In this article

Overview of VeRO  
 How to report a listing to eBay

### Overview of VeRO

eBay developed the Verified Rights Owner (VeRO) Program to help protect not only intellectual property, but the consumer as well.

#### Highlights of the program include:

- Expeditious removal of listings reported to eBay by more than 5,000 intellectual property rights owners
- Proactive monitoring and removal of listings that violate eBay policies designed to prevent the listing of infringing items on eBay.
- Ability to save searches and have the results emailed to you
- Suspension of repeat offenders
- Cooperation with rights owners seeking personal information on alleged infringers

Because intellectual property owners are ultimately responsible for protecting their intellectual property, and eBay isn't an expert in an intellectual property owner's rights, we need your help in identifying listings that you believe may infringe your rights.

### How to report a listing to eBay

If you have a good faith belief that your work has been copied in a way that constitutes copyright infringement, or that your intellectual property rights have been otherwise violated, you can download and submit a Notice of Claimed Infringement (NOCI) to eBay's designated agent, or you can provide eBay's designated agent with the following information:

1. a physical or electronic signature of the person authorized to act on behalf of the owner of the copyright or other intellectual property interest that is allegedly infringed;
2. identification or description of the copyrighted work or other intellectual property that you claim has been infringed. If you are asserting infringement of an intellectual property right other than copyright, please specify the intellectual property right at issue (for example, trademark or patent);
3. identification or description of where the material that you claim is infringing is located on the eBay site, with enough detail that we may find it on eBay's website;
4. your address, telephone number, and email address;
5. a statement by you that you have a good faith belief that the use of the material complained of is not authorized by the copyright or intellectual property owner, its agent, or the law;
6. a statement by you, made under penalty of perjury, that the information in your notice is accurate and that you are the copyright or intellectual property owner or authorized to act on the copyright or intellectual property owner's behalf.

eBay's agent designated to receive claims of copyright or other intellectual property infringement may be contacted as follows:

**By mail**  
 eBay's Registered Agent  
 173 West Election Road  
 Draper, UT 84020

**By phone**

# The Twitter Rules

Our goal is to provide a service that allows you to discover and receive content from sources that interest you as well as to share your content with others. We respect the ownership of the content that users share and each user is responsible for the content he or she provides. Because of these principles, we do not actively monitor user's content and will not censor user content, except in limited circumstances described below.

## Content Boundaries and Use of Twitter

In order to provide the Twitter service and the ability to communicate and stay connected with others, there are some limitations on the type of content that can be published with Twitter. These limitations comply with legal requirements and make Twitter a better experience for all. We may need to change these rules from time to time and reserve the right to do so. Please check back here to see the latest.

- **Impersonation:** You may not impersonate others through the Twitter service in a manner that does or is intended to mislead, confuse, or deceive others
- **Trademark:** We reserve the right to reclaim user names on behalf of businesses or individuals that hold legal claim or trademark on those user names. Accounts using business names and/or logos to mislead others will be permanently suspended.
- **Privacy:** You may not publish or post other people's private and confidential information, such as credit card numbers, street address or Social Security/National Identity numbers, without their express authorization and permission.
- **Violence and Threats:** You may not publish or post direct, specific threats of violence against others.
- **Copyright:** We will respond to clear and complete notices of alleged copyright infringement. Our copyright procedures are set forth in the Terms of Service.
- **Unlawful Use:** You may not use our service for any unlawful purposes or in furtherance of

illegal activities. International users agree to comply with all local laws regarding online conduct and acceptable content.

- **Misuse of Twitter Badges:** You may not use a Verified Account badge or Promoted Products badge unless it is provided by Twitter. Accounts using these badges as part of profile photos, header photos, background images, or in a way that falsely implies affiliation with Twitter will be suspended.

## Spam and Abuse

Twitter strives to protect its users from spam and abuse. Technical abuse and user abuse is not tolerated on Twitter.com, and will result in permanent suspension. Any accounts engaging in the activities specified below are subject to permanent suspension.

- **Serial Accounts:** You may not create serial accounts for disruptive or abusive purposes, or with overlapping use cases. Mass account creation may result in suspension of all related accounts. Please note that any violation of the Twitter Rules is cause for permanent suspension of all accounts.
- **Username Squatting:** You may not engage in username squatting. Accounts that are inactive for more than 6 months may also be removed without further notice. Some of the factors that we take into account when determining what conduct is considered to be username squatting are:
  - the number of accounts created
  - creating accounts for the purpose of preventing others from using those account names
  - creating accounts for the purpose of selling those accounts
  - using feeds of third-party content to update and maintain accounts under the names of those third parties
- **Invitation spam:** You may not use Twitter.com's address book contact import to send repeat, mass invitations.
- **Selling user names:** You may not buy or sell Twitter usernames.
- **Malware/Phishing:** You may not publish or link to malicious content intended to damage or disrupt another user's browser or computer or to compromise a user's privacy.
- **Spam:** You may not use the Twitter service for the purpose of spamming anyone. What constitutes "spamming" will evolve as we respond to new tricks and tactics by spammers. Some of the factors that we take into account when determining what conduct is considered to be spamming are:
  - If you have followed a large amount of users in a short amount of time;
  - If you have followed and unfollowed people in a short time period, particularly by automated means (aggressive follower churn);
  - If you repeatedly follow and unfollow people, whether to build followers or to garner more attention for your profile;
  - If you have a small number of followers compared to the amount of people you are following;
  - If your updates consist mainly of links, and not personal updates;
  - If you post misleading links;
  - If a large number of people are blocking you;
  - The number of spam complaints that have been filed against you;
  - If you post duplicate content over multiple accounts or multiple duplicate updates on one account;
  - If you post multiple unrelated updates to a topic using #;
  - If you post multiple unrelated updates to a trending or popular topic;
  - If you send large numbers of duplicate @replies or mentions;

- If you send large numbers of unsolicited @replies or mentions in an attempt to spam a service or link;
- If you add a large number of unrelated users to lists in an attempt to spam a service or link;
- If you repeatedly post other users' Tweets as your own;
- If you have attempted to "sell" followers, particularly through tactics considered aggressive following or follower churn;
- Creating or purchasing accounts in order to gain followers;
- Using or promoting third-party sites that claim to get you more followers (such as follower trains, sites promising "more followers fast," or any other site that offers to automatically add followers to your account);
- If you create false or misleading Points of Interest;
- If you create Points of Interest to namesquat or spam.
- **Pornography:** You may not use obscene or pornographic images in either your profile photo, header photo, or user background.

Your account may be suspended for Terms of Service violations if any of the above is true. Please see our help pages on [Following Best Practices](#) and [Automation Rules and Best Practices](#) for a more detailed discussion of how the Rules apply to those particular account behaviors. Accounts created to replace suspended accounts will be permanently suspended.

Accounts engaging in any of these behaviors may be investigated for abuse. Accounts under investigation may be removed from Search for quality. Twitter reserves the right to immediately terminate your account without further notice in the event that, in its judgment, you violate these Rules or the Terms of Service.
