Managing In-Project Disputes in Major Construction Projects

Benjamin E. Pollock and Martha B. Daniels

Energy industry professionals should be cognizant of ways to mitigate unforeseen obstacles during major construction projects. Taking early, proactive steps can help avoid costly and unnecessary disputes and put you in the best position to present or defend later claims, as necessary. When a potential dispute arises: understand the contractual landscape, talk to key people, organize important documents, and articulate a favorable position. [More »](#)
